APPENDICES FOLLOW

Chapter 1 Introduction

This manual provides instructions on how to use the Electronic Case Files (ECF) system to file documents with the court, and to view and retrieve docket sheets and documents. Users should have a working knowledge of an ECF compatible web browser and Adobe Acrobat for creating and reading Portable Document Files (PDF).

ECF System Capabilities

Registered users with a compatible web browser and access to the Internet can perform the following functions, almost twenty-four hours a day, seven days a week:

- Electronically transmit a document to the clerk's office in cases without incurring additional filing costs;
- View official docket sheets and other documents associated with these docket sheets, including immediate viewing of a document just submitted to the court;
- Compile and view various reports for cases on the court's docket;
- Query case information; and,
- Update and maintain user passwords and e-mail addresses.

Help Desk

For assistance in using ECF, including technical difficulties, call the Court's Help Desk toll free at 866-365-6381 or 303-335-2050 between the hours of 8:00 a.m. and 5:00 p.m. Mountain Time, Monday through Friday, excluding federal holidays. The Help Desk may also be contacted by e-mail at cod_cmecf@cod.uscourts.gov.

Computer and Equipment Requirements

The following hardware and software are needed to electronically file, view, and retrieve case documents in ECF.

- A personal computer running a standard operating system such as Microsoft Windows or Macintosh using Mozilla Firefox or Internet Explorer (CM/ECF does not work with Safari browsers on a Mac) with internet access.

Note: A dial-up modem connection is usually not fast enough to transmit and receive documents electronically or to download large documents attached to e-mails or filed in ECF. Other alternatives include, cable, digital subscriber lines (DSL), satellite, and wireless internet connectivity. Although more expensive, these technologies provide definitive advantages over traditional dial-up methods.

- An Internet Service Provider and web browser. The Court has verified that its installed version of ECF is compatible Internet Explorer 7.0 and above, and Mozilla Firefox 3 and above.
- Adobe Acrobat or other portable document format (PDF) conversion software to convert documents from the format of their native application to PDF. Documents converted directly from word processing are known as "PDF text" or "native PDF" documents.
- A scanner if you cannot electronically prepare your documents and convert them directly to PDF. Use a scanner to convert paper documents to digital format for electronic transfer. PDF documents created by scanning paper documents are known as "PDF image" documents.

Note: When scanning documents for ECF, a higher dpi (dots per inch) resolution will result in a larger file size. Users may need to test the dpi setting to compare the image quality of the document to the file size. There is no right or wrong setting. The CM/ECF system is technically capable of accepting large documents, but they may take longer to upload and download. Please see the size limit at <https://ecf.cod.uscourts.gov/cgi-bin/CourtInfo.pl>

- ECF users must have a PACER account in order to use the Query and Report features of the ECF system, and to view electronically stored document images. You do not need multiple PACER accounts for a given firm. The same PACER login can be concurrently logged in multiple times. If you do not have a PACER login, contact the PACER Service Center at (800) 676-6856 for information. Or, you may register for PACER online at <http://www.pacer.uscourts.gov/>.
- An attorney must be admitted to practice in the District of Colorado and be in good standing.
- In addition to having a PACER account, a user must register with the court as an ECF user in order to electronically submit a document. Once properly registered as a court user, the clerk's office will issue a login and password to the attorney. This login and password, along with the "s/ signature" will serve as the user's signature for purposes of Fed. R. Civ. P. 11 for all documents electronically submitted to the court.

Registering for Access to ECF

A user who needs to register for access to the Electronic Case Files (ECF) system should visit the court's website at <https://www.cod.uscourts.gov/CMECF/Register/Login.aspx> to create or access their Attorney Services Portal (ASP) Account to submit an online registration form. After processing the properly completed registration form, the clerk's office will establish a user account for the applicant. The applicant will then be contacted by e-mail to indicate they should access their ASP account to see their ECF Login.

Users who have a Training Database login from class can routinely access our training version of the ECF system on the Internet at <https://ecf-train.cod.uscourts.gov> to practice ECF filing. The court strongly recommends that users with a Training Database login practice in the "training" ECF database before filing documents in the "live" ECF database.

Note: A training DB login is required for access to the Training DB. The live DB login WILL NOT allow access to the Training DB. If you want a Training DB login, please contact the ECF Help Desk.

Chapter 2 Preparation

Adobe Acrobat Reader

Users must install software capable of opening and displaying PDF documents. Software such as Adobe Reader or Adobe Acrobat must be installed to be able to open and view PDF documents. **(NOTE: There are other vendors and software products that will also open and view PDF documents. Applications such as Foxit, PDF XChange Viewer, etc. will work. The court does not endorse or recommend any specific software.)** For documentation purposes, this document will refer to Adobe Acrobat and Adobe Reader for consistency. All pleadings must be filed in PDF format. The software may be downloaded at <http://www.adobe.com>. When installing this product, please review and follow Adobe's directions to utilize Acrobat Reader after installation.

Portable Document Format (PDF)

Viewing a PDF Document

- Open Adobe Acrobat or Acrobat Reader.
- Select **"File"** on the menu bar and choose **"Open"** from the drop-down window.
- Click on the location and file name of the PDF document you wish to view.
- Acrobat loads the file and displays it on your screen. Verify it is the document you wish to send. Verify the file size of the document.
- If the displayed document is larger than the screen or contains more than one page, use the scroll bars and buttons to move about within the document.
- Click on the **"View"** menu to select other options for viewing the document. Choose the option that best suits your viewing needs.

Creating PDF Documents

You must create a PDF formatted document from the native application (i.e. WORD, WordPerfect) before submitting them to the court through the Electronic Case Files (ECF) system. Only documents in Portable Document Format (PDF) may be filed with the Court using the ECF system. Before sending the file to the court, a user should preview the PDF document to ensure it is the correct document, all pages included, is legible, and the document is properly formatted after being converted to PDF.

Software Available for Converting to Portable Document Format (PDF)

Adobe Acrobat is a software product that may be used to convert your documents to PDF. WordPerfect Version(s) 9 and higher and MS WORD Version 10 and higher have built in PDF conversion capability. Other software products are also available to convert your documents to PDF. Users should explore the software options available.

Note: Although newer versions of WordPerfect can create PDF documents within the word processing application, they generally create larger file size (number of bytes) than using Adobe Acrobat.

Converting Documents from Word Perfect Version 9 or higher

- Open a WordPerfect document (with file extension *.wpd*).
- From the menu bar, click on **"File"** and from the drop-down menu select **"Publish to PDF."**
- Save the file as a PDF file, giving it a *.pdf* extension.

- Your document is now saved as a PDF file. The original file remains in WordPerfect format under its original file name and *.wpd* extension.

Converting Documents from MS Word Version 10 (WORD 2010) or higher

- Open a Word document (with file extension *.docx*).
- From the menu bar, click on **“File > Save As.”**
- Under the **“Save As Type”** box, **“Click”** on the drop down arrow and select **“*.pdf”**
- Enter the name of your PDF Document in the **“File Name”** box and **“Click”** the **“Save”** button.
- Your document is now saved as a PDF file. The original file remains in Word format under its original file name and *.docx* extension.

Note: If you have Adobe Acrobat, you may also use “File” > “Print” and select Adobe Acrobat as the printer to create the PDF.

For All other versions (8 or earlier) of Word Perfect, versions of Microsoft Word and Excel (2007 or earlier), and any other PC/MAC based application that allows you to print:

- Install Adobe Acrobat (or other PDF conversion software) on your computer.
- Open the document you wish to convert.
- Select **“Print”** from the menu bar. Within the **“Current Printer”** field of the **“Printer”** window, select the option to change the selected printer. A drop down menu opens and a list of printer choices is displayed.
- Select **“Adobe PDFWriter” (or the “printer” that allows you to create a PDF file)**
- Click **“OK”** to “print” the file. Instead of the file printing to your printer, a window will appear.
- Name the document, verify the “saved file type” is *.pdf*, and click the **“Save”** button.
- Your document is now saved as a PDF file. The original file remains in its original format under its original file name and extension.

Note: There are several ways to create a PDF document; the instructions listed above are just one of the methods. Please refer to your software instructions to ensure you are properly selecting and creating your PDF document.

Chapter 3 Basics

User Interactions

Users normally interact with the Electronic Case Files (ECF) system in three ways.

- Entering information in data fields also referred to as Text Boxes
- Mouse-clicking on hyperlinks and/or radio buttons
- Selecting command buttons to direct system activities

Conventions Used in This Manual

- Data to be entered by the user is shown enclosed in angle brackets: <Data to be entered>.
- Command buttons are represented in this manual in bracketed boldfaced type: **[Command Button]**.
- Hyperlinks are displayed in underlined boldfaced type: **hyperlink**.

Common Mistakes When Filing a Document

Some common mistakes made when filing a document include:

- Selecting the wrong PDF file to attach to a docket entry;
- Selecting the wrong document type (the original document rather than the converted file with the *.pdf* extension);
- Selecting the wrong docketing event from the ECF menus; and,
- Entering the wrong case number and not discovering the error before completing the transaction.

The ECF system does not permit you to substitute or remove a misfiled document after it has been submitted electronically to the court. Only the presiding judge may order the correction of a document once it has been filed. So, please be careful to avoid these common mistakes.

The clerk's office can help you correct docketing errors, and can provide you with guidance on what to do if the wrong document has been filed, or the right document has been filed, but in the wrong case. If a mistake has been made, telephone the Help Desk to inform the clerk's office of the problem and to obtain guidance for fixing the problem.

You will need to provide the case number and document number(s) for the docket entry or entries requiring correction. If appropriate, the clerk's office will make an entry indicating that the document was filed in error. You will be advised if you need to re-file the document. Please review the Electronic Case Filing Procedures for more information on filing errors.

Viewing Transaction Log

This feature, selected from the **Utilities** menu, allows you to review all transactions ECF has processed with your login. If you need to check what you have done in ECF, review your transaction log. If you believe or suspect that someone is using your login and password without your permission, you can use the transaction log to confirm this as well.

If someone is using your login and password without your permission, immediately telephone the clerk's office Help Desk. The clerk's office will assist you in changing your password. If you believe that a document has been improperly filed with the court under your signature (your login and password is your electronic signature) you will need to inform the clerk's office Help Desk.

Please review the Electronic Case Filing Procedures for more information on login and password problems.

User Manual

You can view or download the most recent version of this ECF User Manual (in PDF format) from the court's web page. Enter <http://www.cod.uscourts.gov> in your browser's address/location field, and when the Court's web page opens, click on the **E-Filing (ECF)** link in the Quick Links box.

Note: The ECF User Manual is a PDF document and will require software capable of opening a PDF document for viewing

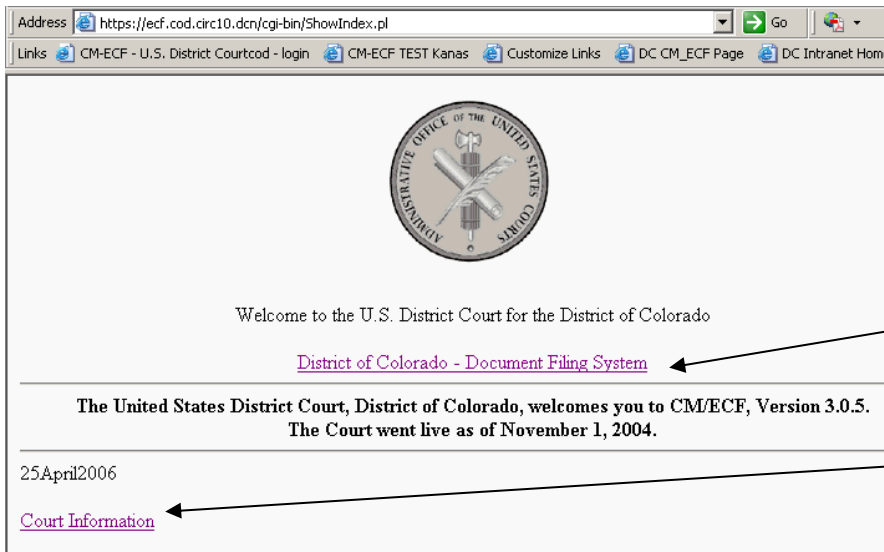

Chapter 4 ECF System

Entering the ECF System

This section of the User Manual provides information for entering the Electronic Case Files (ECF) System.

You may enter the system by going to the court's web page at <http://www.cod.uscourts.gov>, clicking on the **E-Filing (ECF)** link in the Quick Links box on the opening page, and then clicking on the **File Documents Electronically** link on the ECF page.

Frame 4-0

ECF Home Page

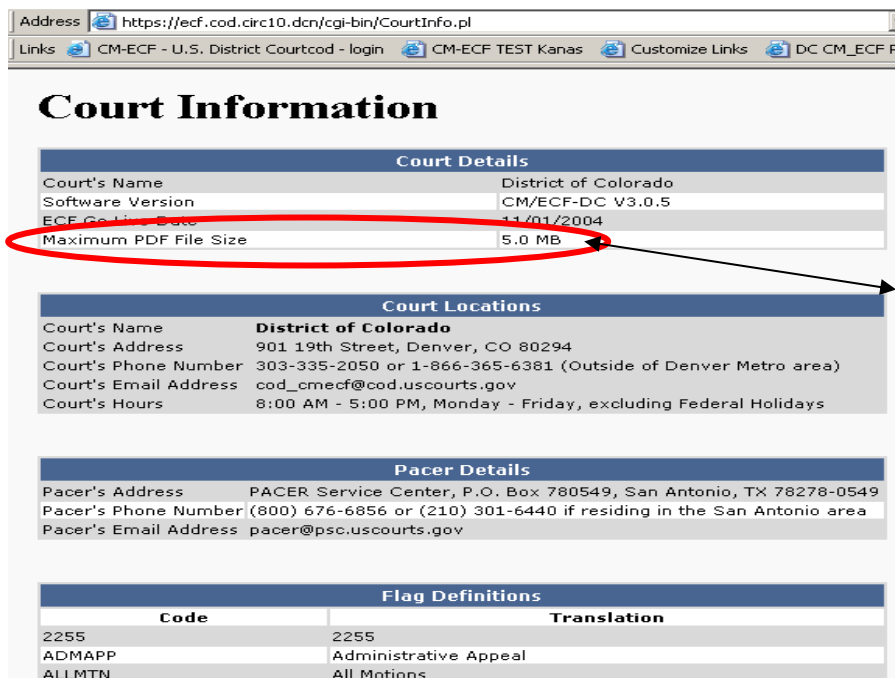

Alternatively, registered users may enter the ECF system directly by typing the following URL into the location filed of an ECF-compatible web browser:

- <https://ecf.cod.uscourts.gov>

Clicking on the [District of Colorado – Document Filing System](#) link will take you to the ECF/PACER Login screen.

Clicking on the [Court Information](#) link will take you to a page with information about the court, maximum PDF file size, etc.

Frame 4-1

Court Information Page

When you click on the [Court Information](#) link, the court information page is displayed.

Information as to the court's address, hours, etc. is available.

Also, this page displays the **maximum** file size for PDF files being submitted to ECF.

Note: The maximum file size is per PDF document. Your total filing may exceed the per document maximum. For example, your main document is 2MB, Exhibit A is 4.9 MB, and Exhibit B is 3 MB. All three documents equal 9.9 MB.

Notice

This is a **Restricted Web Site** for Official Court Business only. Unauthorized entry is prohibited and subject to prosecution under Title 18 of the U.S. Code. All activities and access attempts are logged.

Instructions for filing:

Enter your CM/ECF filer login and password if you are electronically filing something with the court.

If you received this login page as a result of a link from a Notice of Electronic Filing email:

Enter your CM/ECF filer login and password. The system prompts customers for a CM/ECF login and password when attempting to view certain types of documents.

If you have trouble viewing a document:

After successful entry of your CM/ECF login, you should be able to view the document. If you receive the message "You do not have permission to view this document," viewing the document is restricted to attorneys of record in the case and the system does not recognize you as such. If the login prompt appears again, after you have entered your CM/ECF login and password, it means that the "free look" link has expired. You will need to enter your PACER login and password to view the document.

Instructions for viewing filed documents and case information:

If you do not need filing capabilities, enter your PACER login and password. If you do not have a PACER login, you may register online at <http://pacer.psc.uscourts.gov>.

Logging in to ECF/PACER

- Enter your ECF login name and user password in the appropriate data entry fields. It is important to remember that all ECF login names and passwords are **case sensitive**.
- Verify that you have entered your ECF login and password correctly. If not, click on the **[Reset]** button to erase the login and password entries and re-enter the correct information.
- After you enter the correct login and password **and check the "redaction rules" checkbox**, click on the **[Login]** button to transmit your user information to the ECF system.

You do not need to enter a client code for ECF logins

- If the ECF system does not recognize your login and password, it will display the following error message on a new screen, **"Login failed either your login name or key is incorrect."**
- If you did not check the "Redaction rules" checkbox, you will get the following error message **"You must check the redaction rules checkbox to log in to CM/ECF"**
- Click on the web browser **[Back]** button and re-enter your correct login, password, or check the "redaction rules" checkbox.

Frame 4-4 Menu Features

The screenshot displays the ECF (Electronic Case Filing) interface. At the top is a blue menu bar with the ECF logo and navigation options: Civil, Criminal, Query, Reports, Utilities, Search, and Logout. Below the menu bar is the U.S. District Court logo and the text: "U. S. District Court [TEST], District of Colorado [TEST], Official Court Electronic Document Filing System". A message box contains the text: "This message is contained in the file OperationNotice.htm. You may use this file to alert users to current CM/ECF operational issues." Below this is a disclaimer: "This facility is for Official Court Business only. Activity to and from this site is logged. Document filings on this system are subject to Federal Rule of Civil Procedure 11. Evidence of unauthorized or criminal activity will be forwarded to the appropriate law enforcement officials." A welcome message follows: "Welcome to the U. S. District Court [TEST] for the District of Colorado [TEST] Electronic Document Filing System. This page is for use by attorneys and firms participating in the electronic filing system. The most recent version of the Netscape browser and the Adobe PDF reader can be obtained by selecting the Netscape/PDF Settings option listed below." A link for "Netscape/PDF Settings" is highlighted with a red circle. Below the link, the text "Last login: 05-29-2007 12:47" is circled in red, with a red arrow pointing down to a "Note" box at the bottom of the page. The "Note" box contains the text: "Note: The date and time you last logged into the system appears at the bottom left corner of your screen. You should review this information each time you log in. If you believe the date and time of your last log in are not correct, or you suspect an unauthorized party is using your login and password, telephone the court's Help Desk with this information as soon as possible." A "NOTICE" section is also visible, stating: "NOTICE: An access fee of \$.08 per page, as approved by the Judicial Conference of the United States, will be assessed for access to this service. For more information about CM/ECF, click here or contact the PACER Service Center at (800) 676-6856." At the bottom, it says: "CM/ECF has been tested and works correctly with Netscape 7.x, Internet Explorer 6.0 and Firefox 1.5."

ECF Menu Features and other information

- The **Blue** Menu bar is displayed at the top.
- Select **Civil** to electronically file all civil documents.
- Select **Criminal** to electronically file all criminal documents.
- Select **Query** for specific case information. You will be prompted to enter your PACER login and PACER password before you can continue your query.
- Select **Reports** to retrieve calendar events, cases-filed reports, and docket sheets. You will be prompted to enter your PACER login and PACER password before you can continue to run your report.
- Select **Utilities** to View your personal ECF transaction log and maintain personal ECF account information in the **Utilities** function of ECF.
- Select **Logout** to log out of the ECF application.

Basic Manipulations

When using the ECF system, there are three basic processes that allow you to move from screen to screen.

- First, text boxes where you enter data such as case numbers or text information.
- Second, use the **[Next]** button or the **[Submit]** button to accept entered data and display the next data entry screen. To retrieve the previous screen to correct data entry errors, use the **[Back]** button on the web browser toolbar.
- Third, there are **[Browse]** buttons to allow you to browse your folders/ locations to select PDF documents and attachments.

CAUTION: Users should avoid using the **[Back]** button in complicated transaction, as it is easier to just start over. Some of the CM/ECF screens are not cached so when the back button is used, the page of previous information cannot be re-displayed, thus causing an error. When using the **[Back]** button, a user may not use the **[Forward]** button on the web browser when the correction has been made. Progression must be made using the ECF navigation buttons such as “Next” or “Submit.”

Steps Related to Filing Documents in Civil and Criminal Cases

There are eight basic steps for filing a document in a **civil or criminal** case in ECF:

1. Select the **Type of Document** to File (i.e. motion, notice, Answer, etc.)
2. Identify the **Case number** for Which the Document is Being Filed
3. Designate the **Party** for Whom the Document is Being Filed
4. Specify the **PDF** Document to File
5. **Additional ECF** Information (i.e. various check boxes or text box entry based upon the type of document being filed)
6. As necessary, add **Modification** text in the text boxes to effect how the final Docket Text will display.
7. **Submit** the Document to ECF
8. **Receive** the Notice of Electronic Filing

The eight basic steps listed above are common to all civil and criminal documents to be filed.

Chapter 5 Civil Case Docketing

Registered filers will use the **Civil** feature of ECF to electronically file pleadings in civil matters with the court. A [comprehensive list of the ECF civil events available to registered users can be accessed through the Reports link on the CM/ECF Menu Bar](#). There is no charge to access this report and it is the most accurate and up to date version of the ECF civil events. You may also use the Windows find feature to easily search for the proper event. Alternatively, user can use the Search feature of CM/ECF to also find events.

Opening a new case

As of February 23, 2012, the Court requires attorneys to open civil cases and utilize Pay.gov to pay the appropriate fees for new complaints, petitions, notices of removal, and notices of appeal. For **Miscellaneous** and **Judgment** cases, ECF Users should follow the practices listed in the [User Guide - Attorney Civil Case Opening](#). Using the **Attorney Case Opening** option allows the attorney to open a civil case and then also docket the initiating document. The detailed [User Guide - Attorney Civil Case Opening](#) can be found on our ECF page.

Filing a Civil Case Initiating Document (New complaint, Petition, Notice of Removal)

After entering all of the case statistical information, parties, and creating the case, the ECF User may docket the lead event (initiating document - complaint, petition, or notice of removal.) Filing the initiating document will generally invoke the Pay.gov payment screen allowing the ECF User to pay the filing fee by check or credit card. Please refer the procedures in the **New Cases** section of the [Electronic Case Filing Procedures \(Civil Version 5.1\)](#)

Submitting Initiating Document(s): (NOTE: Sealed matters and miscellaneous matters **cannot** be opened by attorney filers. Such matters will be opened by the Court and **must** be emailed to the court for opening)

- Create PDF versions of the Civil Complaint, Petition, Notice of Removal, Civil Cover Sheet (JS-44), and Summons forms (if appropriate).
- Enter all necessary information on CM/ECF Screens utilizing the **Attorney Case Opening** functionality.
- Once the statistical information is entered along with all of the parties and the case is created and a case number is assigned, you should file the initiating document. When filing the initiating document, the system will invoke pay.gov functionality to pay the filing fee. Once the filing fee has been paid, a prompt will display to complete the process of filing the initiating document.
- If the initiating party is requesting the issuance of a summons, the summons shall be attached as a separate PDF document to the initiating document. Once received by the Court, the summons will be processed, docketed and returned to the requesting party electronically.
- Once the transaction is complete, a NEF (Notice of Electronic Filing) will be generated and sent to parties/attorneys receiving electronic notice.

NOTE: If a request for summons is **not** attached to the initiating document, an event is available for docketing titled **“Summons Request”** which can be found under the **“Other Documents** category.

Once the case opening process is complete, the Court will review the case and judge assignment notification will be provided to the parties/attorneys electronically. The parties may proceed to file all subsequent filings upon receipt of the judge assignment.

Filing a Notice of Appeal

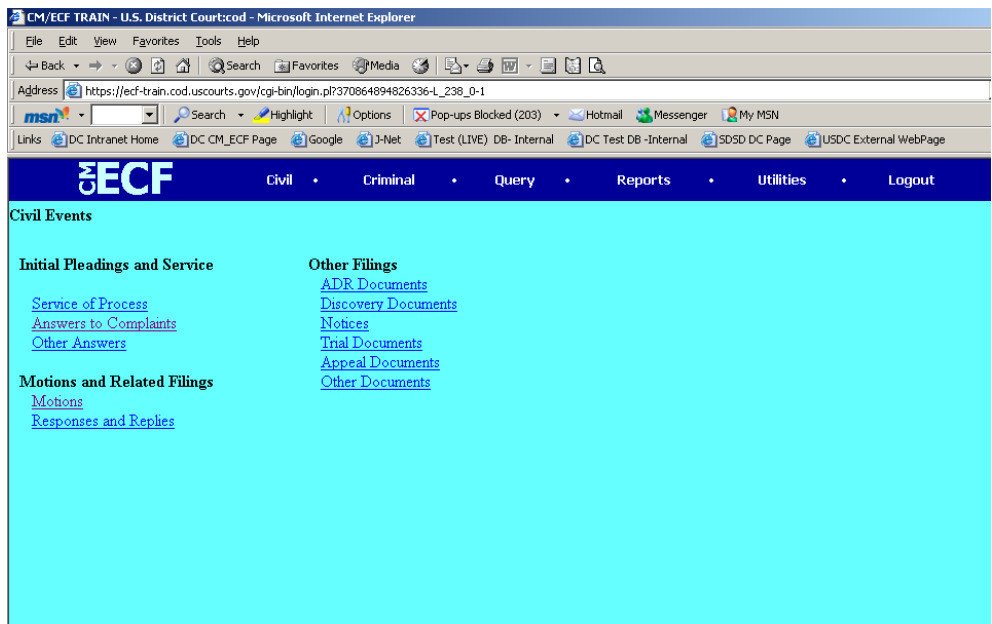

Filing a Notice of Appeal will generally invoke the Pay.gov payment screen allowing the ECF User to pay the appeal fee by check or credit card. Please refer the detailed [User Guide - Filing a Notice of Appeal and Pay.gov](#) found on our ECF page.

Filing an Answer

Note: Beginning with Version 3.1 of CM/ECF, the Blue Menu Bar provides options to continue to use the static menu selections or the cascading menu options to navigate from one function to another more easily. These examples continue to show the static approach. See Appendix 3 to learn more about cascading menus.

As an illustration, this section of the User Manual describes the basic steps you will need to take to file an answer with the court. The process for filing other types of documents using other civil events is similar.

Frame 5-1 Selecting the type of document to file

Selecting the type of document to file.

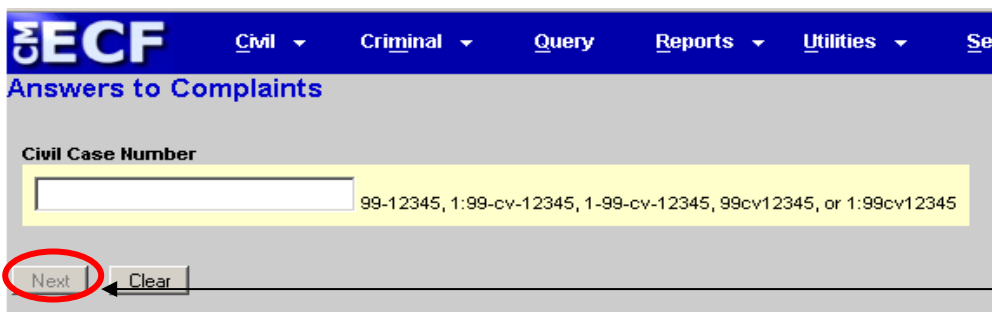

Filing an Answer to Complaint

- After successfully logging into ECF, click on **Civil** from the *blue* menu bar at the top of the ECF screen.
- **Civil Events** window opens displaying the major categories of events used to file documents with the clerk's office.
- Select the Type of Document to File.
- To file an answer, the user should click on Answers to Complaints under **Initial Pleadings and Service**.

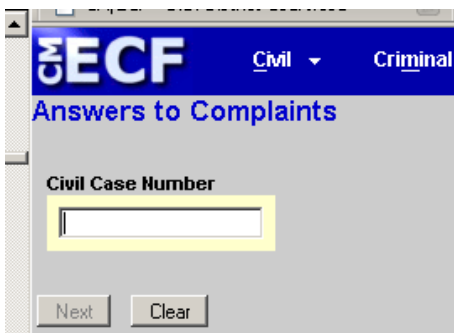

Frame 5-2 identifying the case

Note: ECF defaults to the last case from which you worked. Ensure the proper case number is entered in this field to avoid filing your document in the wrong case.

Frame 5-2a Identifying the case

OR (Alternate Case Number entry screen display)

Identify the case

- Identify the Case for Which the Document is Being Filed.
- Enter the number of the case for which the document is being filed.

Note: The Next button is grayed out which indicates the button is not functional until a valid case is entered.

Frame 5-2b

- Once you begin to enter a case number, the **Find This Case** button is displayed. After entering the entire case click on the **Find This Case** button.

Frame 5-2c

- If the case number is not valid, a message is displayed next to the entry box. The **Next** button continues to be grayed out.

Frame 5-2d

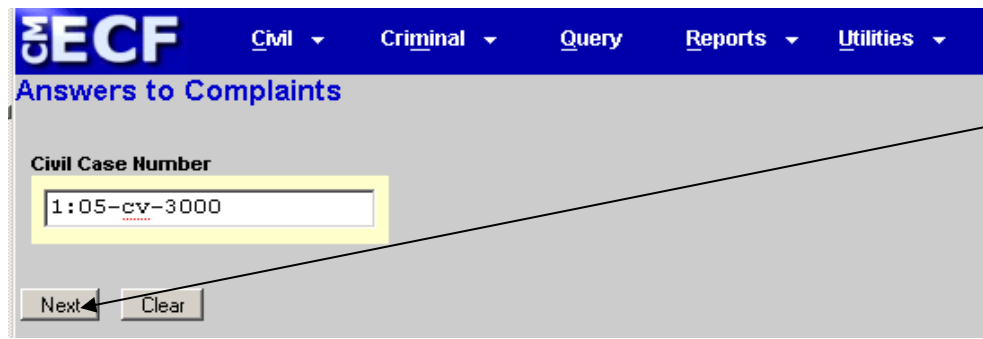

- Correct the case number entry and click on the **Find This Case** button.

Frame 5-2e

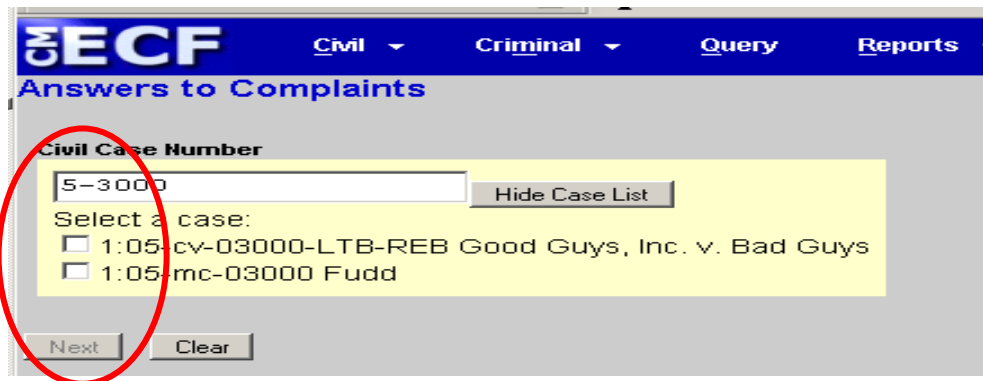

- An informational message is displayed as CM/ECF is accessing the case number.

Frame 5-2f

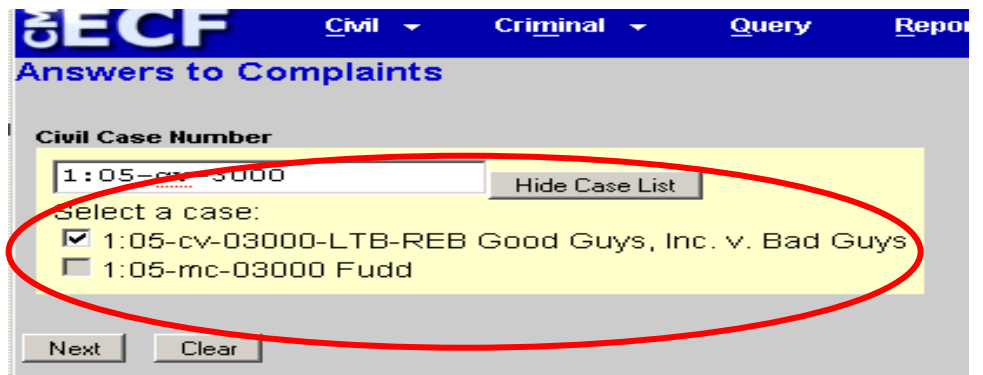

- The case number is valid and the **Next** button is darkened, so you can click on it to continue.

Frame 5-2g

- Beginning with Version 3.1 of CM/ECF, only civil type cases (i.e. cv, mc, bj, etc.) will be searched when users are in the **Civil** option. If there is a criminal case with the same number, it will not be shown or listed in the pick list.

Frame 5-2h

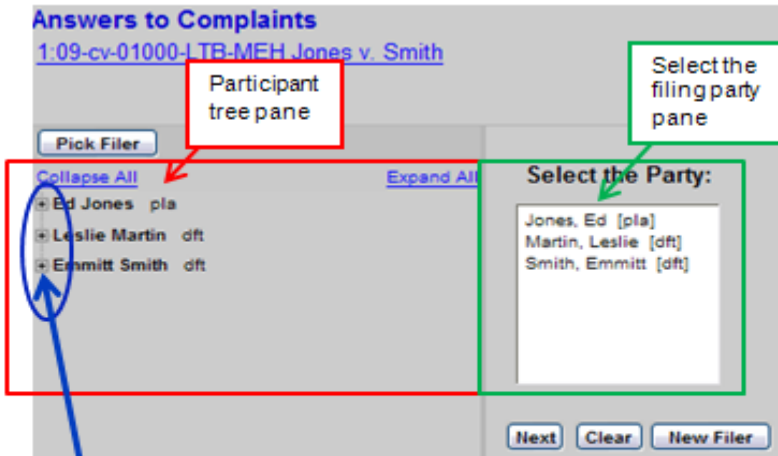

- However, if there are case numbers that are the same, they will be listed in a pick list and the user must click the appropriate check box before the **Next** button is darkened and can be clicked.

Frame 5-3

- After clicking on the **Next** button, a review screen is displayed.
- Click on the **Next** button to continue

Frame 5-4 Designating the filing party

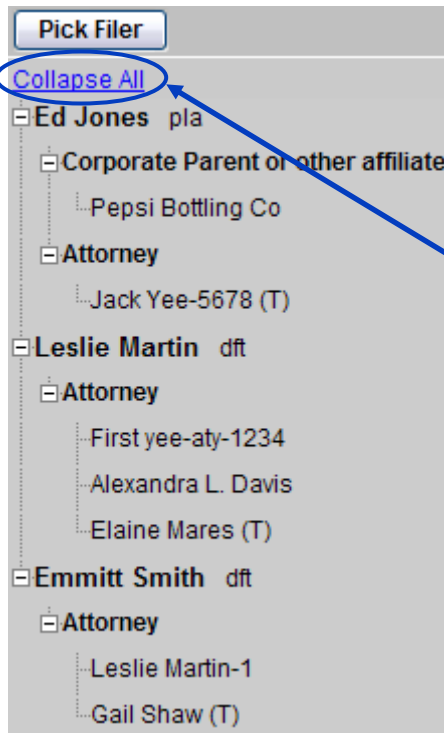

- The "plus" sign symbol indicates you can click on the "plus" to expand the information related to that specific party.
- The "minus" sign symbol indicates you can click on the "minus" to compress (close) the information related to that specific party.

Designating the filing party.

- After identifying the Case Number, ECF provides you with a list of parties involved in the case.
- Highlight the name of the party for whom you are filing the document.
- If you represent more than one party, select multiple parties by holding down the **[CTRL]** key while pointing and clicking on each party you represent. If done correctly, each party selected will remain highlighted.

After highlighting the parties to the document, click on the **[Next]** button.

Frame 5-4a Participant tree (Left Pane)

The participant tree pane (left side of screen) is a **visual aid** to allow you to see parties and linkages to their attorneys, any corporate parent or affiliation, and aliases.

You cannot select parties/attorneys from the participant tree pane.

The "Expand All" link will expand the entire party list to show all of the information on each party.

The "+" sign icon next to each name allows you to expand the list for a specific party.

Once the entire list is expanded or a specific party has been expanded, a "-" sign icon is shown next to each group (party, attorney, corporate parent, alias, etc. to allow you to collapse the group.

You can also click on the **"Collapse All"** link to collapse the entire list.

Frame 5-5 Selecting the Filer

From the **Select the party** pane, you click on the filer that is filing the pleading.

NOTE: You can select **multiple filers** by holding the **Ctrl** key down and clicking on each filing party.

Frame 5-6 Attorney/Party Association (Linkage)

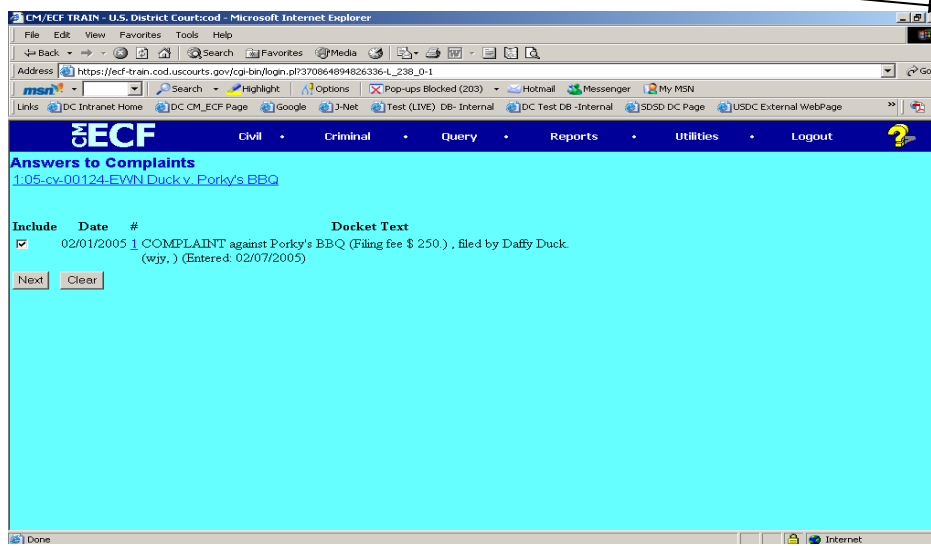

OPTIONAL SCREEN – Will be displayed if the attorney filing is not linked to the party.

Attorney/Party Association Screen

- If this is the **first time** the attorney is filing in the case, the Attorney/Party Association window will appear. The purpose of the window is to create an association (“link”) between the attorney and the party.
- A list of parties is displayed with a message indicating a party/attorney relationship has not been established. If the attorney does represent the filing party, the checkbox **MUST** be checked (linked) to establish the association.
- **If the attorney DOES NOT represent the parti(es) listed, the attorney should NOT check the box(es) to create an association.**
- Click the **[Next]** button.

Frame 5-7 Linking

Linking the Answer to the Complaint

- Check the **Include** box next to the document for which the answer is being filed.
- Click on the **[Next]** button.
- If a box is **not checked**, an error dialogue box will appear with the following message: **“You did not select a docket entry to answer.”**
- **Since this is an Answer to a Complaint, the event must link the answer you are filing to the Complaint being answered.**

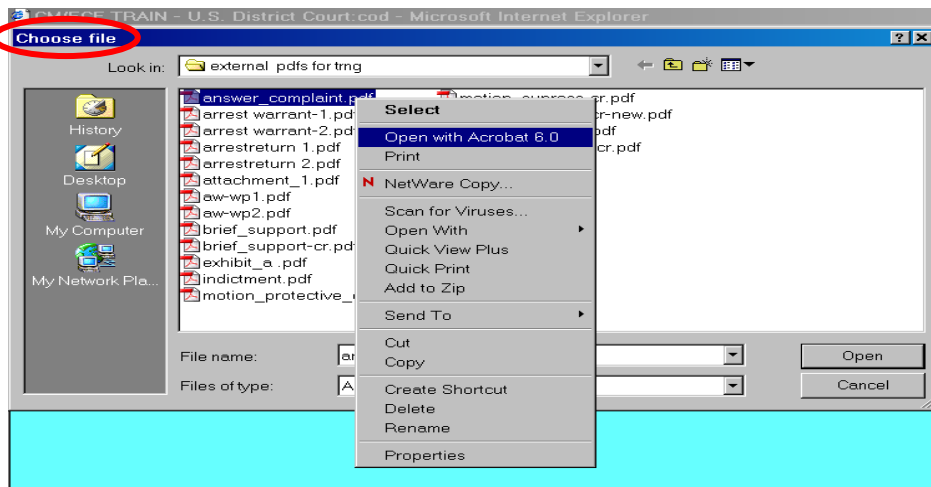

Frame 5-8 Specifying the PDF document

Specify the PDF document to file.

- ECF provides the filer an entry box to indicate the **main document** as well as an entry box for the first attachment.
- Click the **[Browse]** button next to the “Main Document” box.

Frame 5-9 Viewing the PDF document

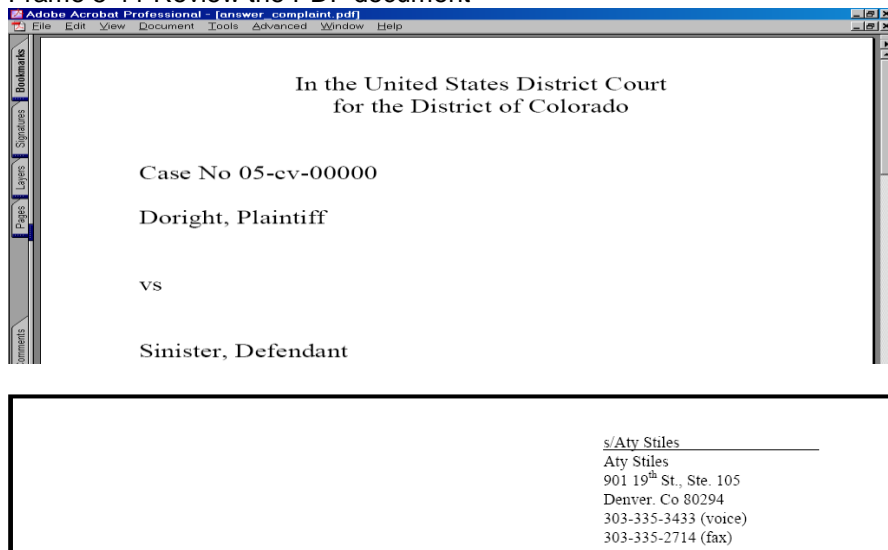

Viewing the PDF document.

- The **Choose File** dialog box will appear and you can navigate to the folder (or location) where you have the PDF document.
- The court highly recommends you right click and open the document up in Adobe Reader (or Adobe Acrobat) to view the PDF document to ensure it is the correct PDF document you wish to file.

Frame 5-10

Note: It is highly recommended you view the PDF document and any attachments to ensure you are filing the correct documents in the ECF application.

Frame 5-11 Review the PDF document

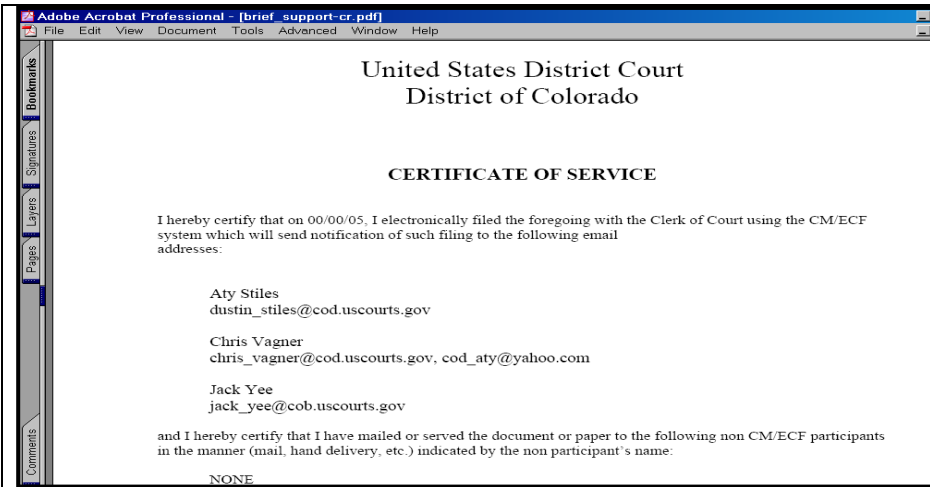

Review the PDF document

Each PDF attached is limited to the 5 MB court standard on document size, but a transaction with attachments may exceed the standard.

When viewing the PDF document, check the document for items such as:

- court case number and style
- parties
- correct document

The signature (i.e. s/ and the

attorney name

Is the "Certificate of Service" part of the main document?

The "Certificate of Service" does not need to be a separate attachment. It's considered to be part of the main document.

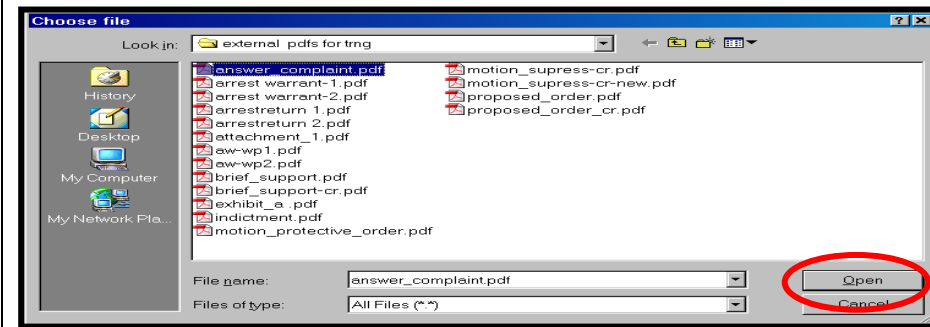

The s/ on the "Certificate of Service" can be the attorney or the secretary, paralegal, or administrator.

Frame 5-12 Review the PDF document (continued)

Completing the Transaction

THIS IS THE "LAST" SCREEN FOR YOU TO REVIEW!!

If you click the NEXT button, the transaction is posted to the database.

An informational message as to the path and filename of the PDF document is displayed for review. This provides the user a "final" opportunity to check the filename as to it being the correct document. If it's not the correct document, you should abort this transaction and start it over again.

Click on the [Next] button to commit the transaction.

Frame 5-18

Note: ECF displays a "Final warning" indicating if the [Next] button is clicked, the transaction is completed and it is entered into the ECF database and the Notice of Electronic Filing (NEF) is created and displayed. The NEF is queued up to be sent as an e-mail to parties.

Note: At any time prior to this step, you can abort the ECF filing by simply clicking on a menu item on the blue menu bar, including logging out of the system. Users should avoid using the [Back] button as page information is NOT cached and the user will encounter problems. It's easier to just start over

Notice of Electronic Filing (NEF)

The Notice of Electronic Filing (NEF) is displayed.

This is your “receipt” of the filing.

The NEF has four informational sections:

The docketing information section includes when the entry was made, the document number, and the docket text.

The electronic notification section displays the names and e-mail addresses of attorneys/parties that have been electronically noticed.

The manual notification section displays any names and addresses of recipients that must be served by non-electronic means. If there are name(s) and addresses displayed below the “Notice has been mailed by the filer to:” you must print a copy of the NEF and mail along with the document(s) you filed to the parties displayed. You will generally see names and addresses for pro se parties and attorneys that may not be registered to be an e-filer.

The fourth section lists electronic document stamp(s) for each PDF document submitted and serves as a security feature. The document stamp(s) are kept separately and are compared routinely against the document stamp that is embedded in the PDF document.

Frame 5-20

Note: The Notice of Electronic Filing is your proof of filing and indicates the completion of the filing event. You may print the Notice of Electronic Filing for your records. If you have PDF creation software, you can print this NEF to a PDF document as well. You can always get a copy from the docket sheet. However, you will incur PACER charges to get a copy.

After a document is electronically filed, the ECF system sends a Notice of Electronic Filing to the designated attorneys and parties who have supplied their e-mail addresses to the court. Individuals who receive electronic notification of the filing are permitted “one free look” at the document by clicking on the associated hyperlinked document number embedded in the Notice of Electronic Filing. The filer is permitted “one free look” at the document and the docket sheet to verify that the document was properly docketed.

Note: Users may not use the court’s electronic notice facilities for parties listed in the “Notice has been mailed by the filer to:” section. The user filing the document is required to serve these documents in paper format in accordance with the rules. Only users listed in the “Notice has been electronically mailed to:” section has consented to receive notice electronically.

Filing a Motion

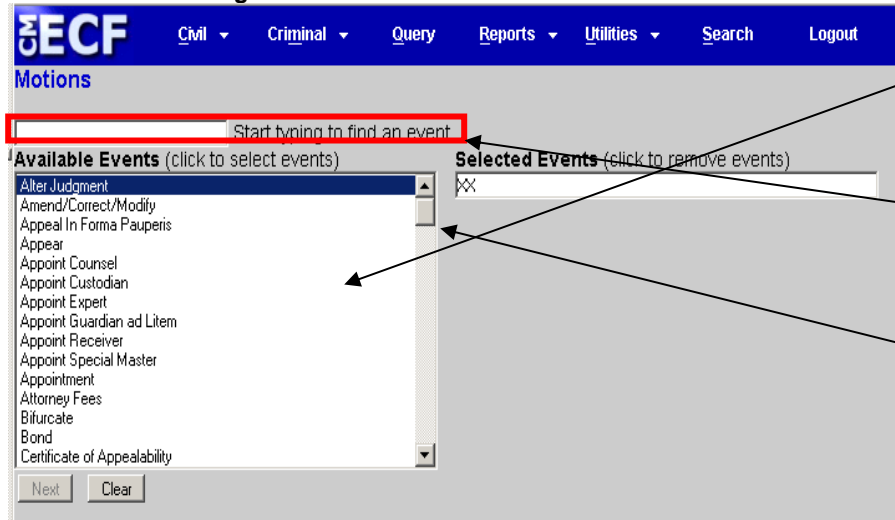

As an additional illustration, this section of the User Manual describes the basic steps you will need to take to file a **motion** with the court. The process for filing other types of documents using other civil events is similar.

Frame 5-21 Selecting Motion category

- Using the cascading menus or clicking on the **Civil** option on the CM/ECF Blue Menu Bar will display the Civil Events page of categories.
- Click on the **Motions** link.

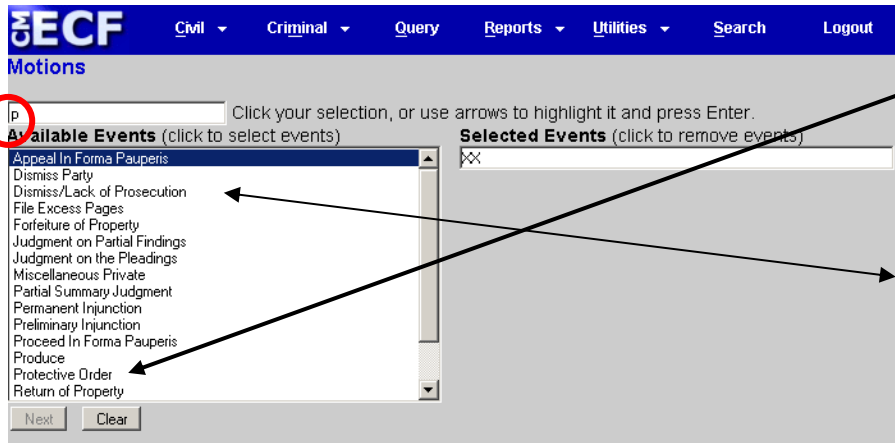

Frame 5-22 Selecting Motion Events

Selecting Motion Events

- In the search text box, you can enter the beginning letters of the motion event you want to select.
- You may also scroll up/down the scroll bar in the “Available events” list to facilitate your selection of motion events.

Frame 5-22a

Searching for motions from the motions list

- For example, if we want to find “protective order”, we can start by entering pro....
- The Available Events list displays events that have a word starting with the letters entered.

Note: After entering ‘p’, Appeal In Forma Pauperis, Dismiss Party, etc. are also displayed. The search finds any word, beginning with the letter(s) entered, regardless of position. Therefore, “wild card characters will not work.

Frame 5-22b

Click your selection, or use arrows to highlight it and press Enter.

- If you enter more letters, the display list will be further refined.
- If we add the letter 'r', the list of events changes as any motion event having 'pr' are displayed.

- If done correctly, each party selected will remain highlighted.
- If the name of the filing party is **NOT** in the “Select the Party” box, you can [Click] on the “New Filer” button to search for the party and add the new filer to the case.

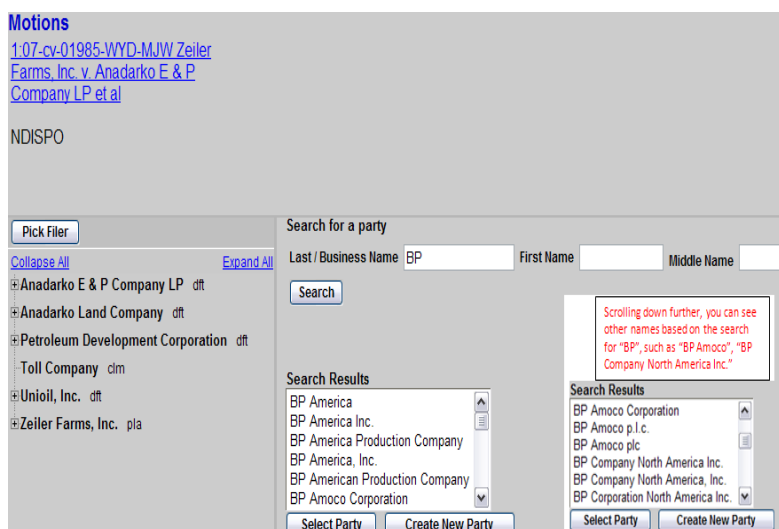

Frame 5-25a Searching for and Adding a new filer

Searching for the filing party

- ECF will always start with the “**Search for a party**” search screen. You can enter Last Name, First, Name, Middle Name. The more search criteria you enter, the more “specific” the search. The less you put in, the search will return more party possibilities.
- For our example, the party filing is “**BP America.**” We’ll just put in “**BP**” in the Last Name field and see what results are returned.
- [Click] on the “**Search**” button.

Frame 5-25a Searching for and Adding a new filer

Search results review

- Since we only entered “**BP**”, ECF will return any results found for parties that start with “**BP.**” There are several **BP America parties.** There’s a “**BP America Inc.**” and a “**BP America, Inc.**” If that is the party name you want, which one should you select? **You should select the one that matches what is entered on your pleading.** What if your pleading has the name of “**BP America Incorporated**”? Since “**BP America Incorporated**” is not in the party list of found parties, you can [Click] on the “**Create New Party**” Button.
- For our example, the party filing is “**BP America.**” We’ll just put in “**BP**” in the Last Name field and see what results are returned.
- [Click] on the “**Search**” button.

Frame 5-25b Creating the new filer

Creating the new filing party

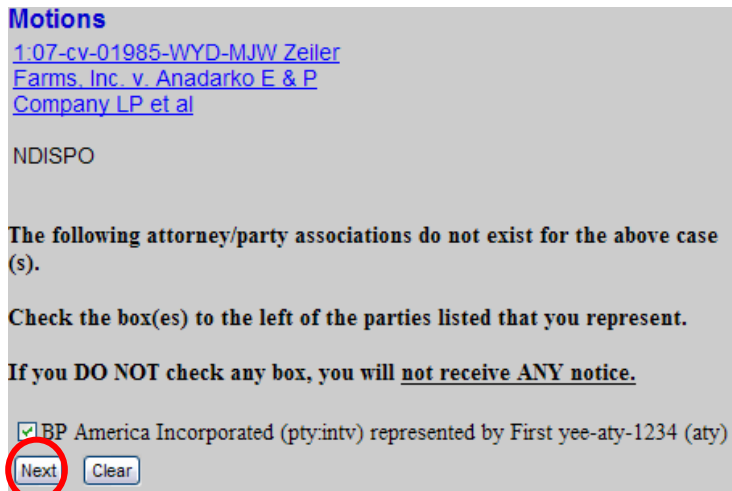

- Enter the Name information. For businesses, you will **ONLY** use the **Last Name** field. In our example, we can enter **BP America Incorporated**. **[Click]** on the drop down arrow in the **“Role”** field to select the proper party role type. For this example, the party role is **“intervenor.”** Even though the party is a corporation, the **“Corporation”** indicator should still be set as **“No.”** The **“Notice”** field indicator is defaulted to **“Yes”** and should not be changed. Finally, Name, address, phone number, e-mail address, etc. information **SHOULD NEVER BE FILLED IN IF THE PARTY IS REPRESENTED BY COUNSEL.** The information is used to capture that information if the party is a **pro se filer**.
- After entry and review, **[Click]** on the **“Add Party”** button.

Frame 5-25c Selecting the new party as the filer

Selecting the filing party.

- In the “Left pane”, **“BP America Incorporated”** is displayed.
- The **“Select the Party”** box displays ECF with **“BP America Incorporated”** already highlighted. If we need to select other filers as well, hold down the **“CTRL”** key and then click on any other filers for this pleading.
- In this example, only **“BP America Incorporated”** is the **filing party**.
- **[Click]** on the **“Next”** button.

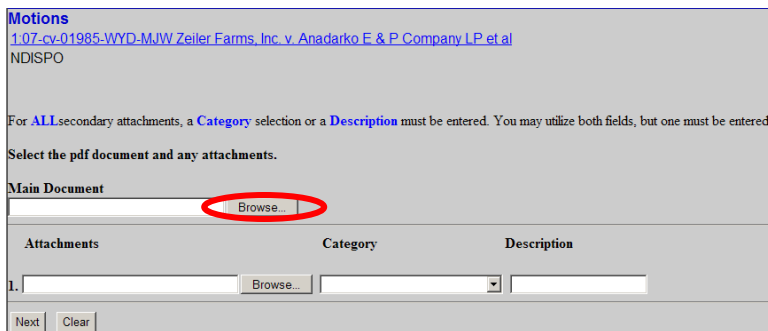

Frame 5-25d Link the new filing party to the attorney

Linking the party to the attorney.

- Since the filer was added, a screen is displayed to allow the attorney to link themselves to the party.
- If there is an association between the filer and the attorney, the checkbox must be checked to create the association and allow the attorney to be noticed.
- **NOTE: if the box is not checked, the filing will be completed, but the attorney will NOT be noticed.**
- **[Click]** on the “Next” button.

Notice of Electronic Filing (NEF)

The **Notice of Electronic Filing (NEF)** is displayed.

This is your “receipt” of the filing.

The NEF has four informational sections:

The docketing information section includes when the entry was made, the document number, and the docket text. The electronic notification section displays the names and e-mail addresses of attorneys/parties that have been electronically notified.

The manual notification section displays any names and addresses of recipients that must be served by non-electronic means. If there are name(s) and addresses displayed below the “**Notice has been mailed by the filer to:**” you must print a copy of the NEF and mail along with the document(s) you filed to the parties displayed. You will generally see names and addresses for pro se parties and attorneys that may not be registered to be an e-filer.

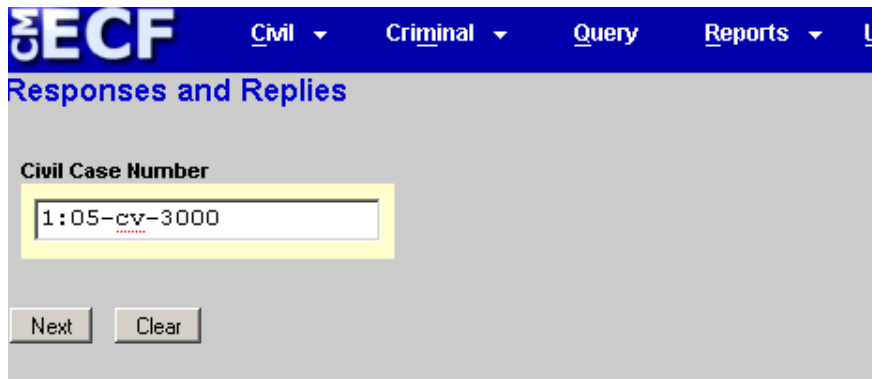

The fourth section lists electronic document stamp(s) for each PDF document submitted and serves as a security feature. The document stamp(s) are kept separately and are compared routinely against the document stamp that is embedded in the PDF document.

Filing a Brief in Support of a Motion

As a further illustration, we'll file a brief in support of a motion. Since this repeats screen samples from previous examples, these illustrations will not display all of PDF documents.

THIS IS THE “LAST” SCREEN FOR YOU TO REVIEW!!

If you click the **NEXT** button, the transaction is posted to the database.

An informational message as to the path and filename of the PDF document is displayed for review. This provides the user a “final” opportunity to check the filename as to it being the correct document. **If it’s not the correct document, you should abort this transaction and start over again.**

Note: You **CANNOT** view any of the actual the document(s), only the path, filename, and number of pages.

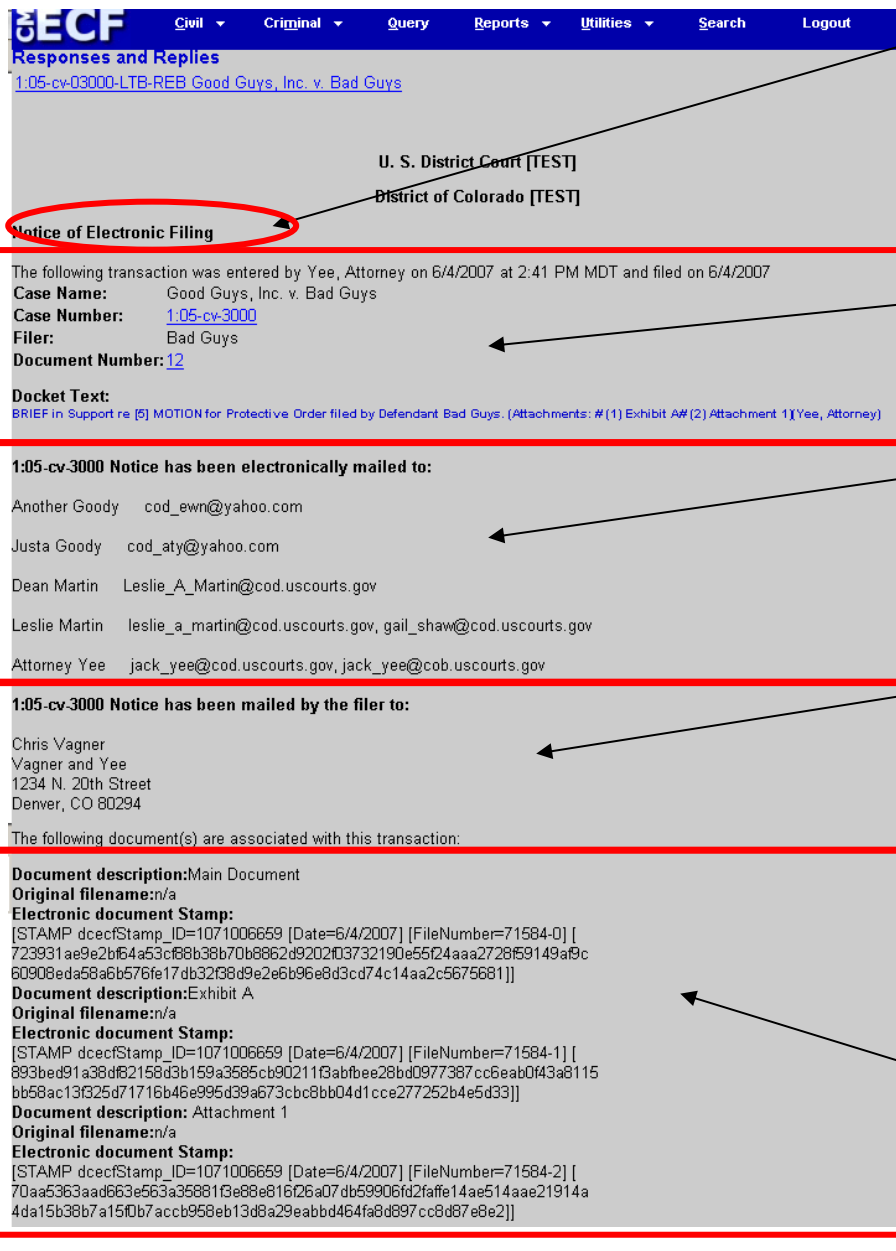

Click on the **[Next]** button to commit the transaction.

Frame 5-59

Note: ECF displays a “Final warning” indicating if the [Next] button is clicked, the transaction is completed and it is entered into the ECF database and the Notice of Electronic Filing (NEF) is created and displayed. The NEF is queued up to be sent as an e-mail to parties.

Note: At any time prior to this step, you can abort the ECF filing by simply clicking on a menu item on the blue menu bar, including logging out of the system. Users should avoid using the [Back] button as page information is NOT cached and the user will encounter problems. It’s easier to just start over

Frame 5-60 The Notice of Electronic Filing (NEF)

Notice of Electronic Filing (NEF)

The **Notice of Electronic Filing (NEF)** is displayed.

This is your “receipt” of the filing.

The NEF has four informational sections:

The docketing information section includes when the entry was made, the document number, and the docket text.

The electronic notification section displays the names and e-mail addresses of attorneys/parties that have been electronically noticed.

The manual notification section displays any names and addresses of recipients that must be served by non-electronic means. If there are name(s) and addresses displayed below the **“Notice has been mailed by the filer to:”** you must print a copy of the NEF and mail **along** with the document(s) you filed to the parties displayed. You will generally see names and addresses for pro se parties and attorneys that may not be registered to be an e-filer.

The fourth section lists electronic document stamp(s) for each PDF document submitted and serves as a security feature. The document stamp(s) are kept separately and are compared routinely against the document stamp that is embedded in the PDF document.

Restricted Document Submission

Section V of the ECF Procedures for the District of Colorado governs the filing of restricted documents. Restricted document submission falls into two categories, documents in restricted cases and restricted documents in public cases.

Restricted Case Document Filing

A document filed in a restricted case must follow this procedure:

- The **first document** submitted in a restricted case by a party must be submitted in paper format.
- All subsequent documents should be filed electronically, unless the party has received different instructions from the court.
- Restricted documents may be viewed electronically by attorneys of record in the case by using the PACER system **when the correct login process is used.**
- All documents filed in a restricted **will generate a redacted NEF.**

Restricted Document Filing in Public Cases

A restricted document filed in a public case must follow this procedure:

- A Motion to Restrict must be submitted electronically in accordance with the Local Rules of this court.
- At the same time, the party should electronically submit the document under restriction using the **Restricted Document** event. Any document submitted under a different event will not be restricted from public view.
- A Notice of Electronic Filing will be generated for the restricted document and considering the restriction level, the document may be available via the NEF.
- Attorneys of record in the case may view restricted documents electronically by using the PACER system depending on the restriction level applied.

All questions on restricted documents should be forwarded immediately to the ECF Help Desk.

Privacy Policy

Documents with personal identifiers and other sensitive information should be filed electronically in accordance with the court's Privacy Policy. The Privacy Policy may be found in Section XI of the ECF Procedures for the District of Colorado.

Motion Practice

Basic federal civil motion practice follows the listed filing progression: motion – response – reply. Users should make a point of following this practice when filing documents. A document filed by a party responding to the motion must be filed as a response. It should not be filed as a reply. A document filed by a party responding to a response is a reply. It is critical for users to choose the correct event for a document and to make sure the document name and event name match.

Combining Documents

Combining documents is prohibited by local rule and should be avoided. D.C.COLO.LCivR 7.1(d) states, "A motion shall not be included in a response or reply to the original motion."

Objections to Magistrate Judge Findings and Rulings

Objections to magistrate judge findings and objections to magistrate judge rulings under Rule 72 may be found in multiple areas of the event lists. User should search carefully for events in multiple categories prior to choosing one for docketing.

Filing a Return of Service

When filing a return of service, the user will enter the date of service and the system will automatically calculate the answer date. The user should verify that the date is correct according to the deadlines set in the Federal Rules of Civil Procedures. Particular attention should be paid to the deadline when the party served was the United States or an agency or actor on behalf of the United States.

Chapter 6 Query

Note: Beginning with Version 3.1 of CM/ECF, the Blue Menu Bar provides options to continue to use the static menu selections or the cascading menu options to navigate from one function to another more easily. These examples continue to show the static approach. See Appendix 3 to learn more about cascading menus.

Registered users should use this feature to query the Electronic Case Files (ECF) system for specific case information. To enter the Query mode, click on **Query** from the *Blue* menu bar of ECF.

ECF opens the **PACER Login** screen. You must enter your **PACER** login and password before ECF permits you to query the database.

Note: Your PACER login and password is different from your ECF login and password. You must have a PACER account in order to retrieve, view, and print certain documents. You will be charged a fee of \$.08 per page to access documents, docket sheets, etc. from ECF.

Chapter 7 Reports

Note: Beginning with Version 3.1 of CM/ECF, the Blue Menu Bar provides options to continue to use the static menu selections or the cascading menu options to navigate from one function to another more easily. These examples continue to show the static approach. See Appendix 3 to learn more about cascading menus.

Frame 7-1 The Report options

The Report options

- The Reports feature of ECF provides the user with several report options.
- After selecting the **Reports** feature from the **Blue** menu bar, ECF opens the **Reports** screen.

Frame 7-2

Note: If you select Docket Sheet, Civil Cases, Judgment Index, Criminal Cases, or Docket Activity from the main menu, ECF will prompt you to enter your PACER login and password. You will be charged the applicable PACER charges. You may view Calendar Events, Written Opinions, Civil Events (atty), and Criminal Events (atty) without charge and without logging into PACER.

Frame 7-2a

Note: These examples below do not display all of the possible screens that can be encountered when a **case number** is being entered for the sake of brevity. Review Frames 6-1 through 6-2 for more detail as to what can be seen for errors, duplicate case numbers, etc. Also remember that the “action” button (i.e. Run Report, Run Query, etc.) button is grayed out until a valid case number is entered.

Frame 7-3 The Docket sheet

The Docket sheet

- If you have not already logged in with your PACER information, ECF opens the PACER login screen. Enter your PACER login and password. Click on the **[Login]** button
- The Docket Sheet report is the same as a **Docket Report** from the **Query** menu option discussed in Chapter 6 (Query.)

The report may take a long time to run because this case has many docket entries. You can go back and modify the selection criteria or select one of the following options.

Include docket entries:

- for the past week
- for the past 90 days
- for the past year
- as initially requested

If the docket sheet has a large number of docket entries (i.e. more than 250 entries), a warning display is presented to give you options to shorten the entries returned and reducing the PACER charges.

You can select the original option, if you want the larger docket sheet.

Civil cases report

Note: There is not a cap for charges when running the Civil Cases Report

- The [Civil Cases](#) report provides you with the flexibility to query the ECF database to locate cases filed based upon parameters you enter or select.
- The parameters you can enter or select are:
 - Filing date range
 - Cause code
 - Nature of suit
 - Case flag(s)
 - or any combination thereof
- If you have not already logged in with your PACER information, ECF opens the PACER login screen. Enter your PACER login and password. Click on the **[Login]** button
- Enter the range of case filing dates for your report and select any other search criteria you wish to narrow your search. If you enter a date range only, ECF will display all of the cases filed within your date range.
- If you leave all fields blank, ECF will display a report for all cases opened in ECF.
- In this example, we enter a date range for cases filed from 6/1/07 through 6/8/07 and click on the **[Run Report]** button.

Calendar events report

This report displays scheduled events.

Selection criteria are:

- by a specific case number
- by specified date range
- by type of calendar event
- by time of day
- print docket text with the Calendar Events Report

Examples:

- Search for all events scheduled for a specific case by entering the case number and end date in the applicable fields.
- Search for a specific type of hearing in a specific case within a date range by entering the applicable information.
- If you checked the box to “Include docket text”, the docket text will be shown on the Calendar Events Report. There will be a “silver ball” next to the docket text. The “silver ball” is a hyperlink to the actual docket entry creating the scheduled event.
- After entering your criteria, click on **[Run Report]**. A compiled report is displayed

- If you un-checked the box to “Include docket text”, the docket text **not** will be shown on the Calendar Events Report.

- The report displays more entries, as the docket text is not displayed.

- Additionally, the “silver ball” (hyperlink) to the actual entry creating the schedule is not displayed.

Frame 7-9

Note: The calendar events report is not the official calendar of the court. Users should consult the court's Internet website for official calendars.

 - Event Category (i.e. motion, answer, complaint, etc.)
 - Case flag(s)
 - Date range of activity filed
 - Summary or full Docket text

Note 1: There is not a cap for charges when running the Criminal Cases Report

Note 2: If you logged onto to ECF and then to PACER to run the **Docket Activity Report**, you will see a **Check Box**

Only cases to which I am linked with the box **pre-checked to** indicate that you want to see only cases that meet the selection criteria **and** where the attorney is linked to. You may un-check the box if you want to see all cases meeting the selection criteria.

Note 3: If you logged on **just** with your **PACER account**, and run the **Docket Activity Report**, you notice the

Only cases to which I am linked Is not present. Since you logged on just with PACER, ECF knows the PACER account is not tied to a specific attorney so it will not display the check box.

Chapter 8 Utilities

The **Utilities** option provides a number of ECF and PACER related features. **The PACER related items are available but will not be described or illustrated in this manual.** The focus of this chapter is to illustrate the following ECF related features:

Maintain Your E-Mail (Add/Delete/Modify email addresses)
View your Transaction Log

Maintain Your Login/Password
Mailings

Frame 8-2 Maintain Your E-Mail Account

Maintain Your E-mail
When you click on the [Maintain Your E-mail](#) link, the e-mail information screen is displayed. The e-mail display has two panes, the **Registered e-mail address** pane (on the left), and the **Configuration options** pane (on the right.)
From this screen, you can delete, modify, and add e-mail addresses. There are numerous options and possibilities that can be set for each **specific e-mail address**.
To access the configuration options for **existing e-mail addresses** (listed on the left side of the screen), the user should **click** on the **e-mail address** on the left.

Frame 8-3 Maintain Your E-Mail Account

After entering a new e-mail address or clicking on an existing e-mail address, a number of configuration prompts and displays are shown in the right pane.

Options are now presented to the user for each e-mail address. Cutting and pasting multiple case numbers from one delivery method to another is now allowed.

Each e-mail address under the attorney's account is configured independently and does not need to mimic the primary e-mail address configuration.

E-mail configuration options

1. Text entry box for the e-mail address. The e-mail address box can be typed over with a different e-mail address or cleared to actually remove the e-mail address.
NOTE: If the e-mail address is the "primary", you MUST have a valid e-mail address in order for noticing to work properly.
 2. Prompt is asking if the e-mail address should receive notices. **DO NOT SELECT 'NO' FOR THE PRIMARY E-MAIL ADDRESS AS IT WILL TURN OFF NOTICING FOR ALL CASES AND ALL SECONDARY E-MAIL ADDRESSES!!!!**
 3. The third prompt is to ask if the e-mail address should be receiving individual NEFs (Per Filing) or a Summary Report (one e-mail at the end of the day (midnight)).
 4. The fourth prompt is for the format of the NEF e-mail. It should always be HTML, unless your e-mail is text based.
 5. The fifth prompt is to ask if the e-mail address should receive general e-mail announcements sent by the court.

The two boxes below the "Add additional cases for noticing" will be populated based upon the selection made for noticing in the top "configuration options" section.

The "initial" state of the top section display is to have **all** cases linked to the attorney using the "default" notification method.

All cases where the attorney is a party to or any cases added for noticing will **always** populate the first box as it contains cases for the **default** noticing method; per filing or summary.

The "initial" state of the "alternate" delivery method should not have any cases displayed. If any cases are moved to the alternate noticing meth

Per Filing CM/ECF will send a NEF each time a filing is docketed in the case. It is real time and is sent as soon as the filing is completed -

Summary Report CM/ECF will tag the NEF to be sent as a daily summary. At the end of the day, (Midnight), a single e-mail is sent for each docketed entry in cases the attorney is a party to. In the Summary e-mail, the recipient will have a "free look" for entries the attorney is a party to. If the NEF is for a case added to receive NEFs, PACER charges will apply and will require the customer to login with their PACER account.

Moving cases from one method of delivery to the other.

When case(s) are selected, they are highlighted and the **[Remove selected cases]** and the **[Change selected cases to notice as a summary report]** (Note: the button will change to reflect the opposite of which is selected in the "How should notices be sent to this e-mail address?" prompt. The opposite would say **[Change selected cases to notice per filing]**).

When case(s) are selected and the change button clicked, those cases will be removed from the box they were (default method box) into the box below (alternate method box.)

If you changed a case notification by mistake, you just select it from the box it's in and click on the **{Change}** button.

Frame 8-11 Secondary e-mail addresses

The **initial** state of the e-mail information screen is a minimum of one e-mail address, the primary, for each attorney account.

You may add several secondary e-mail addresses to the attorney account by clicking on the “**add new e-mail address**” link.

In the right pane, a new text entry box is displayed to enter a new e-mail address.

Each secondary e-mail address can be configured for different notification options.

Frame 8-11 Secondary e-mail addresses

Similar to the primary e-mail address and options, the first four prompts function the same way as they do for the primary e-mail address.

However, **for all secondary e-mail addresses**, there is a prompt asking “Should this e-mail address receive notice for all cases in which this individual is a participant?”

The default is “Yes” and will set the secondary e-mail address to get NEFs for all cases the attorney is linked to.

If the prompt is set to “No”, it allows the removal of cases from the case list(s) in the “Case Specific Options” section so the e-mail address will NOT get NEFs for the removed cases.

A prompt asking “**Should this e-mail receive a “no activity” notice when no summary noticing occurs?**” will be displayed if the e-mail is configured to have any summary notification.

Frame 8-17 Maintain Your Login/Password

The screenshot shows the ECF Utilities menu. The 'Maintain Your Login/Password' link is circled in red. Other links include 'ECF Login', 'Maintain Your E-mail', 'View Your Transaction Log', 'Change Client Code', 'Change Your PACER Login', 'Review Billing History', and 'Show PACER Account' under 'Your Account'; and 'Internet Payment History', 'Legal Research...', 'Mailings...', and 'Verify a Document' under 'Miscellaneous'.

Maintain Your Login/Password.

From the **Utilities** menu, **[click]** on **Maintain Your Login/Password** link.

The screenshot shows the 'More User Information for Attorney Yee' form. The 'Login' field (containing 'coyee1234') and the 'Password' field (containing asterisks) are highlighted with red circles. Other fields include 'Last login', 'Current login', 'Prid', 'Registered', 'Internet Credit Card', 'Groups', 'Create date', and 'Update date'. There are 'Submit' and 'Clear' buttons at the bottom.

There are **ONLY** two fields that can be changed. **NEVER** change the "Login" information.

Notice that ECF displays a string of asterisks in the "Password" field. To change your ECF password, place your cursor in the "Password" field and delete the asterisks. Then, type in your new password. ECF displays the actual characters of your new password as you type.

The screenshot shows the user information form with the 'Password' field (now containing 'newwpass') and the 'Submit' button circled in red. The 'Login' field remains 'coyee1234'. Other fields and buttons are the same as in the previous screenshot.

You can and should regularly change your password. It's a minimum of **8 characters** (one upper case letter, lower case letter and a digit or special character). You will see the password you type in, as there is no confirmation entry.

The password is CASE Sensitive

After changing your password, **[Click]** on the **Submit** button apply the password change.

The screenshot shows a series of confirmation messages: 'Updating person record...', 'Update Person Prid: 436', 'The update was successful.... prid 436 - Attorney Yee', 'Updating user record', 'The user update was successful', 'The update was successful....', and 'User edit complete'. Each message is circled in red.

After submitting, a confirmation screen will be displayed indicating the update status.

Notice
This is a **Restricted Web Site** for Official Court Business only. Unauthorized entry is prohibited and subject to prosecution under Title 18 of the U.S. Code. All activities and access attempts are logged.

Instructions for filing:
Enter your CM/ECF filer login and password if you are electronically filing something with the court.

If you received this login page as a result of a link from a Notice of Electronic Filing email:
Enter your CM/ECF filer login and password. The system prompts customers for a CM/ECF login and password when attempting to view certain types of documents.

If you have trouble viewing a document:
After successful entry of your CM/ECF login, you should be able to view the document. If you receive the message "You do not have permission to view this document," viewing the document is restricted to attorneys of record in the case and the system does not recognize you as such. If the login prompt appears again, after you have entered your CM/ECF login and password, it means that the "free look" link has expired. You will need to enter your PACER login and password to view the document.

Instructions for Viewing filed documents and case information:
If you do not have a PACER login, you must register online at <http://cmecf.psc.uscourts.gov>.

After entering the case number, click on the **[submit]** button.

Frame 8-23 Mailing info for a case display

The screenshot shows the 'Mailing Information for a Case' display with a dark blue header containing the ECF logo and navigation links for Civil, Criminal, Query, Reports, Utilities, and Logout. Below the header is a light blue section with the title 'Mailing Information for a Case 1:05-cv-01000-EWN'. Under 'Electronic Mail Notice List', there is a list of recipients: Chris Vagner (chris_vagner@cod.uscourts.gov cod_aty@yahoo.com) and Jack Yee (jack_yee@cod.uscourts.gov). The list is circled in red. Under 'Manual Notice List', there is a note: '(No manual recipients)'. A red circle highlights this note, and an arrow points from it to the text on the right.

ECF returns a display of how ECF will "notice" the parties in the specified case.

In this example, the attorneys have e-mail address and will be noticed electronically by e-mail.

If there were "manual" recipients listed, their names and address would be displayed here. In this example, there are no "manual" recipients.

You can highlight the text here and copy into your Certificate of Service.

ECF Logout

After you have completed all of your transactions for a particular session in ECF, you should log out of the system. Click on the **Logout** function from the ECF **Blue** menu bar.

ECF will log you out of the system and return you to the ECF login screen.

It's important to use the **Logout** option as it terminates the cookie that was created for your ECF session.

Frame 8-25 ECF Login warning screen

Warning: the account you entered is already logged in.

This is probably the result of one of these two circumstances:

- ◆ You did not click "LogOut" on the top bar when you last used CM/ECF.
Click the "Continue login" button below to complete the login process.

OR

- ◆ You share this account and someone else is using it.
Click the "Cancel" button below to return to the login screen.
[if you click the "Continue login" button, someone else using this account will have their CM/ECF session terminated.]

If you don't Logout properly, the next time you try to log on, you will get a **Warning** display as shown.

The **"warning"** message is to warn you that ECF thinks you are still logged on or someone else is logged on as you.

If you click on the **[Continue Login]** button, ECF will continue to log you on.

However, if someone else is actually logged on with this login, you will terminate their session and any activity they were doing will be aborted. To avoid getting the **"warning"** display, use the **Logout** option to actually log out of ECF.

Chapter 9 Criminal Case Docketing

Note: Beginning with Version 3.1 of CM/ECF, the Blue Menu Bar provides options to continue to use the static menu selections or the cascading menu options to navigate from one function to another more easily. These examples continue to show the static approach. See Appendix 3 to learn more about cascading menus.

Filing a Motion

As an illustration, this section of the User Manual describes the basic steps you will need to take to file a motion with the court. The process for filing other types of documents using other criminal events is similar.

- d. After entering the entire case number, click on the **Find This Case** button.

Frame 9-4b Case number entry error

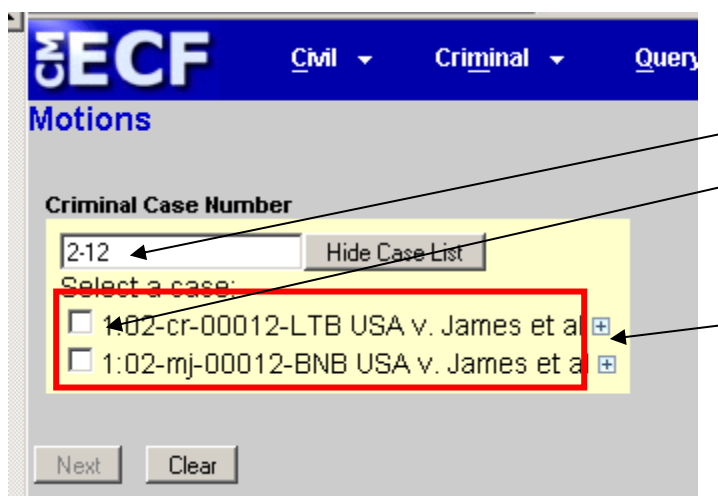

- e. If the case number is not valid, a message is displayed next to the entry box. The **Next** button continues to be grayed out.

Frame 9-4c case Number entry – correction

- f. Correct the case number entry and click on the **Find This Case** button.

Frame 9-4d Case selection for duplicate case numbers

- g. If there are multiple case numbers with the same number (different case type), a display list will be shown to indicate the case number choices and check boxes to allow you to check the case you want to file your motion.
- Additionally**, if there is a **+** displayed, it indicates there are multiple defendants in the case.
- h. Clicking on the **+** sign will expand the entries to show all of the defendants.

Frame 9-4e Multiple Defendants list

Multiple Defendant list

The screenshot shows the ECF Motions interface. At the top, there are tabs for 'Civil', 'Criminal', 'Query', and 'Reports'. Below the tabs, the 'Motions' section is active. Under 'Criminal Case Number', there are two input fields. The first field contains '2-12' and has a 'Hide Case List' button next to it. Below it, a list of cases is shown with checkboxes. The second field contains '1:02-cr-12' and also has a 'Hide Case List' button. Below it, another list of cases is shown with checkboxes. Arrows point from the text on the right to the checkboxes and the 'Next' button in both screenshots.

If there are multiple case numbers with the same number (different case type), a display list will be shown to indicate the case number choices and check boxes to allow you to check the case you want to file your motion.

- i. If the filing is related to **all** of the defendants, check the **main** case check box.

Note: If you check the **main** case check box, all of the individual defendant's check boxes are grayed out.

Frame 9-4f Multiple Defendants list

The screenshot shows the ECF Motions interface. At the top, there are tabs for 'Civil', 'Criminal', 'Query', and 'Reports'. Below the tabs, the 'Motions' section is active. Under 'Criminal Case Number', there are two input fields. The first field contains '1:02-cr-12-1' and has a 'Hide Case List' button next to it. Below it, a list of cases is shown with checkboxes. The second field contains '1:02-cr-12-1,2' and also has a 'Hide Case List' button. Below it, another list of cases is shown with checkboxes. Red circles highlight the case numbers in the input fields and the checkboxes for the selected cases. Arrows point from the text on the right to the checkboxes and the 'Next' button in both screenshots.

- j. If you want a specific defendant or several individuals, you can check the appropriate check boxes for each defendant.

Note 1: If you check a specific **defendant's** check box, the other check boxes for that case can still be checked. This allows you the ability to select multiple defendants. .

Note 2: When you select a specific defendant, the case number entry box is changed to indicate the defendant's case you selected.

Note 3: When you select multiple defendant cases, the case number entry box is changed to indicate the defendants you select.

Note 4: You can see that the other case's check box is grayed out as ECF assumes you are filing in the case where the check box has been checked.

- k. After selecting the case/defendants, click on the **Next** button.

Frame 9-5

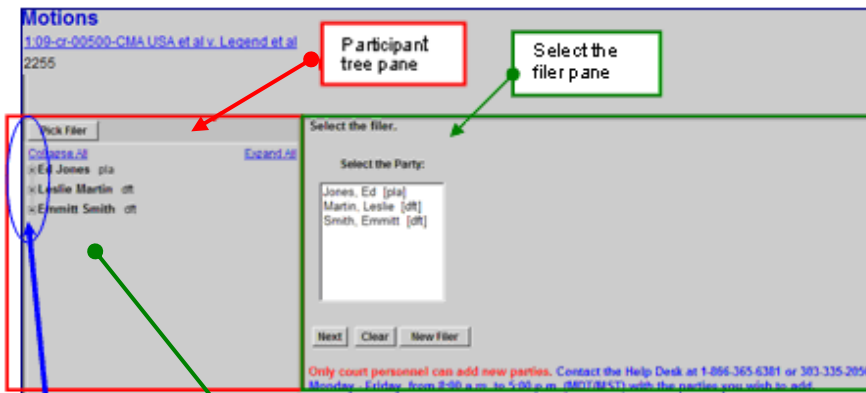

Note: ECF defaults to the last case from which you worked. Ensure the proper case number is entered in this field to avoid filing your document in the wrong case.

Frame 9-6 docketing the motion

- I. Click on the **Next** button to continue the docketing process.

Frame 9-7 Designating the filing party

The "plus" symbol indicates you can click on the "plus" to expand the information related to that specific party.

The "minus" symbol indicates you can click on the "minus" to collapse the information related to that specific party.

Designating the filing party.

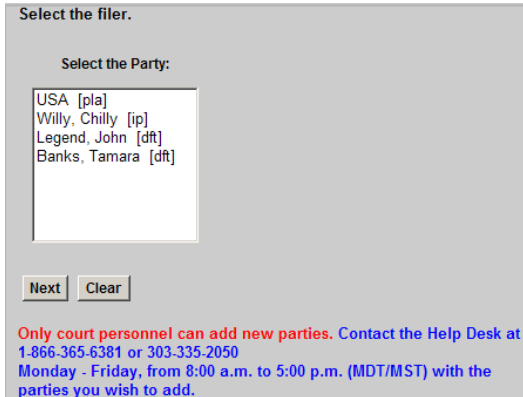

- After identifying the Case Number, ECF provides you with a list of parties involved in the case.
- Highlight the name of the party for whom you are filing the document.
- If you represent more than one party, select multiple parties by holding down the **[CTRL]** key while pointing and clicking on each party you represent. If done correctly, each party selected will remain highlighted.
- After highlighting the parties to the document, click on the **[Next]** button.

Frame 9-7a Participant tree

The participant tree is a **visual aid** to allow you to see parties and linkages to their attorneys, any corporate parent or affiliation, and aliases.

You cannot select parties/attorneys from the participant tree pane.

From the **Select the filer** pane, you click on the filer that is filing the pleading.

You can select multiple filers by holding the **Ctrl** key down and clicking on each filing party.

Generally, you will not need to add any new parties in a criminal case. However, If there is a need to add a new party, you **must contact the court to add the new party.**

Frame 9-8

Note: If the list depicted does not display the party or parties a user represents, contact the Help Desk at 1-866-365-6381 or 303-335-2050 Monday thru Friday, from 8:00 a.m. to 5:00 p.m. (Mountain Time) with your party's information. Only court personnel can add or create new parties to a case. If you click on the Add/Create New Party hyperlink, ECF returns an error message advising you of this restriction.

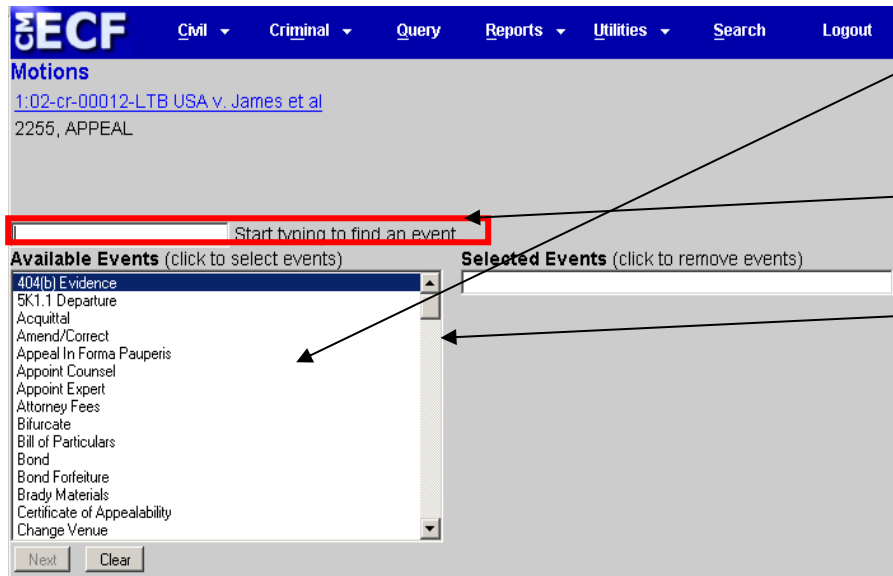

Frame 9-9 Attorney/Party association screen

Attorney/Party association screen

- If this is the **first time** the attorney is filing in the case, the Attorney/Party Association window will appear. The purpose of the window is to create an association ("link") between the attorney and the party.
- Check the box if the attorney and party should be "linked" in ECF. As you can see from the message, **If you DO NOT CHECK the box, you will NEVER RECEIVE NOTICE**
- Check the box (es) of the parties you represent.
- Click the **[Next]** button.

Frame 9-10 Motion selection screen

Frame 9-25 Modify docket text, as necessary

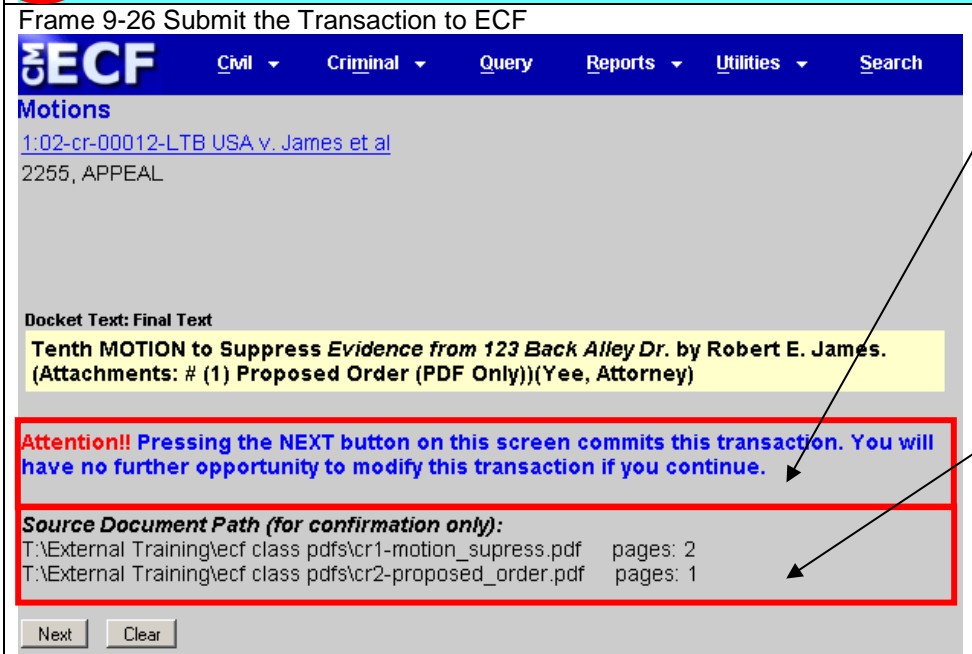

Modify docket text, as necessary

- Modifying docket text is optional. Users do not have to modify text in all of the text boxes provided.
- It is important when modifying text to accurately describe the motion, particularly as there may be similarly titled motions within the same case. For example, there may be multiple motions to extend time.
- Click on the down-arrow located to the left of the blue text-box to open a modifier pull-down list. You may select one of the words in the pull-down list or leave the field blank.
- Click on the text-box by the party's name, and type a description of the document. This added text will part of the docket entry.

- After entering all applicable docket text, click on the **[Next]** button.

- Completing the Transaction
- **THIS IS THE "LAST" SCREEN FOR YOU TO REVIEW!!**
 - If you click the **NEXT** button, the transaction is posted to the database.
 - An informational message as to the path and filename of the PDF document is displayed for review. This provides the user a "final" opportunity to check the filename as to it being the correct document. **If it's not the correct document, you should abort this transaction and start over again.**
 - **Note:** You **CANNOT** view any of the actual the document(s), only the path, filename, and number of pages.
 - Click on the **[Next]** button to commit the transaction.

Frame 9-27

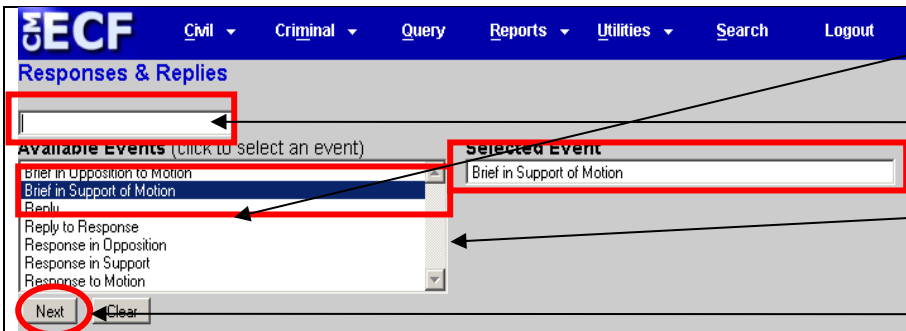

Note: At any time prior to this step, you can abort the ECF filing by simply clicking on a menu item on the blue menu bar, including logging out of the system. Users should avoid using the [Back] button in complicated transaction, as it is easier to just start over. When using the [Back] button, a user may not use the [Forward] button on the web browser when the correction has been made. Progression must be made using the ECF

Submitting a Proposed Order

Pursuant to **D.C.COLO.LCivR 7.1(g)**, a proposed order may be submitted electronically in ECF as an attachment to the motion requesting the relief to be ordered.

Restricted Document Submission

The filing of restricted documents is governed by Section V of the ECF Procedures for the District of Colorado. Restricted document submission falls into two categories, documents in restricted cases and restricted documents in public cases.

Restricted Case Document Filing

A document filed in a restricted case must follow this procedure:

- The first document submitted in a restricted case by a party must be submitted in paper format.
- All subsequent documents should be filed electronically, unless the party has received different instructions from the court.
- Restricted documents may be viewed electronically by attorneys of record in the case by using the PACER system **when the correct login process is used**.
- All documents filed in a restricted **will generate a redacted NEF**.

Restricted Document Filing in Public Cases

A restricted document filed in a public case must follow this procedure:

- A Motion to Restrict must be submitted electronically in accordance with the Local Rules of this court.
- At the same time, the party should electronically submit the document under restriction using the **Restricted Document** event. Any document submitted under a different event will not be restricted from public view.
- A Notice of Electronic Filing will be generated for the restricted document and considering the restriction level, the document may be available via the NEF.
- Attorneys of record in the case may view restricted documents electronically by using the PACER system depending upon the restriction level applied.

All questions on restricted documents should be forwarded immediately to the ECF Help Desk.

Privacy Policy

Documents with personal identifiers and other sensitive information should be filed electronically in accordance with the court's Privacy Policy. The Privacy Policy may be found in Section X of the ECF Procedures for the District of Colorado.

Motion Practice

Basic federal civil motion practice follows the listed filing progression: motion – response – reply. Users should make a point of following this practice when filing documents. It is critical for users to choose the correct event for a document and to make sure the document name and event name match.

Eight Basic Steps for Filing a Civil/Criminal Document in ECF

1. Select the Type of Document to File
2. Identify the Case for Which the Document is Being Filed
3. Designate the Party for Whom the Document is Being Filed
4. Specify the PDF Document to File
5. Additional ECF Information
6. Modify the Docket Text as Necessary
7. Submit the Document to ECF
8. Receive the Notice of Electronic Filing

Appendix 1

ECF Quick Reference Sheet (Continued)

Submitting an Initiating Document

- To file a new complaint (or Notice of Removal), users must use ECF to electronically open a new case before filing the initiating document. **(Note: pro se filers CANNOT open their cases electronically.)**
- After creating the case, the user shall e-file the initiating document and any attachments (i.e. civil cover sheet, summonses, exhibits, etc).
- The appropriate filing fee shall be paid via Pay.gov when the initiating document(s) are e-filed.
- For sealed cases and a number of miscellaneous cases, users shall review the ECF Procedures and the User Guide – Attorney Case Opening documents.

User Data Quality Checklist

1. Review Docket Entry
 - Was the correct event used?
 - Does the title of the document match the docket entry?
 - Were the correct filer and attorney chosen?
 - Is the case number and case style on the document correct?
 - Was the document linked correctly?
2. Open and Review Document
 - Is the document legible?
 - Were the attachments added correctly and named properly?
 - Was the document filed in the correct case?
 - Is the case number and case style on the document correct?
 - Does the signature line contain the s/signature?

Submitting a Proposed Order

Pursuant to **D.C.COLO.LCivR 7.1(g)**, a proposed order may be submitted electronically in ECF as an attachment to the motion requesting the relief to be ordered.

Appendix 2 Ten Most Common Docketing Errors

Listed below are the ten most common docketing errors made by users in ECF courts.

1. **Attachments and Exhibits**
 - These documents should be filed in accordance with the practices set in the ECF Procedures.
2. **Select the Proper Event**
 - An event list is attached to this document and a report showing current events is available within ECF.
 - Please carefully review your choices before filing. It is important to choose the correct event.
3. **Know when to use your ECF login/password vs. the PACER login/password.**
 - The ECF login/password is used to file documents.
 - The PACER login/password is used to view docket sheets, use the query function, and use the reports.
4. **Include a Certificate of Service on All Documents**
 - A certificate of service, even when serving electronically, is required under the ECF Procedures.
5. **Proposed Orders**
 - Proposed orders must be submitted as PDF attachments to the docket entry in ECF.
6. **Open All PDF Documents before Attaching**
 - Before attaching a document to an ECF entry, review it to make sure the correct document is being attached.
7. **The Login and s/signature on a Document Must Match**
 - Make sure the s/signature on a submitted document matches the login and password of the attorney filing it.
8. **Place an s/signature on all Documents**
 - The s/signature must be placed on all documents.
9. **Each Document should be Filed Separately in ECF**
 - All documents should be filed separately. For example a brief in support of a motion would not be docketed as an attachment to the motion, but as a separate document.
10. **Choose the Correct Party When Docketing a Document**
 - Be sure to choose the correct party you are filing a document on behalf of.

CM/ECF Version 3.1 – Cascading Menus

The implementation of Version 3.1 of CM/ECF provides another method to navigate and select menu functions. Prior to Version 3.1, a user clicked on the main category from the blue Menu Bar, then clicked on a filing category, such as “Motions”, then the list of motions would be displayed.

Starting with Version 3.1, the Blue Menu bar has been changed to provide a “drop-down” list to facilitate navigation to specific even screens.

Frame A3-1 Screen 1 - Main start screen

Screen 1

Prior to Version 3.1, a user had to click on several links and navigate through several screens to get to the event screen. For demonstration purposes, let's navigate to the motion event. The **first** screen is the main menu screen. We start by clicking on **Civil** on the Blue Menu bar.

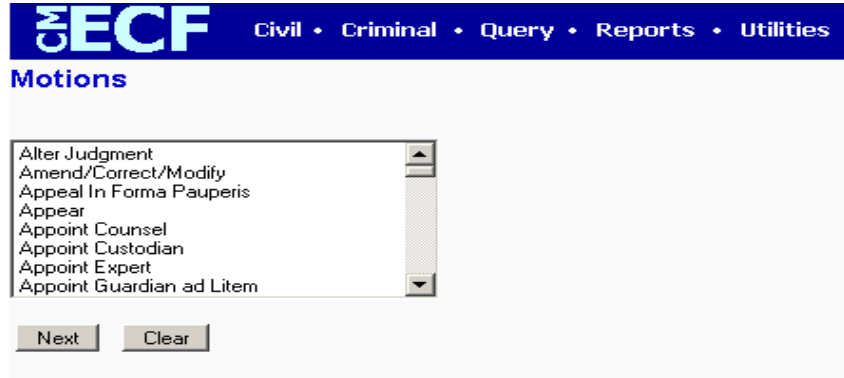

Frame A3-2 Screen 2 - Civil Events Category List

Screen 2 –Civil Event Category List

After clicking on the **Civil** option from the main menu, a second screen is displayed – Civil Events Category List to allow the user to select the event category they wish to file, i.e. motions, answers, etc. Next, click on the **Motions** link.

Frame A3-3 Screen 3 – The Motion Event Screen

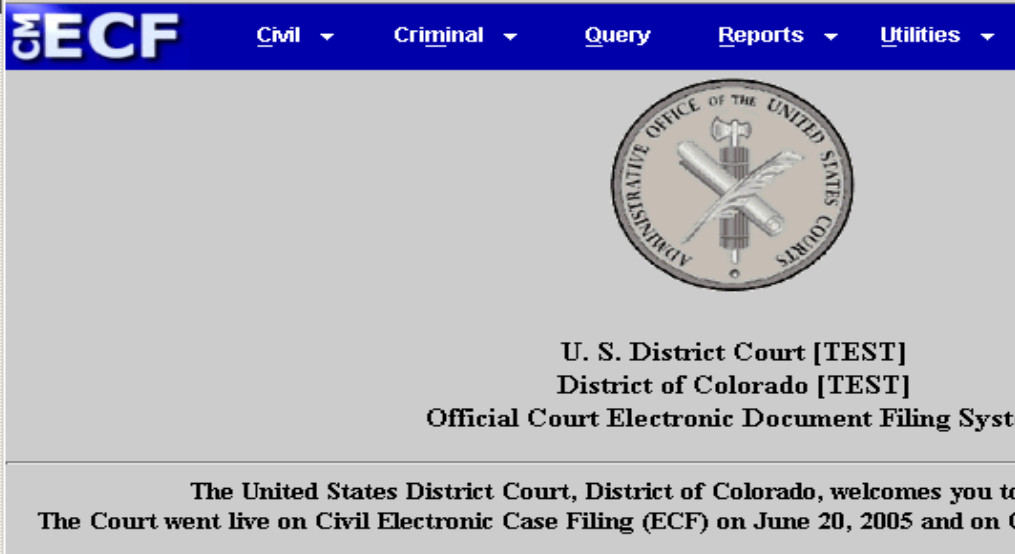

Screen 3 –Motion Event Screen

After clicking on the **Motions** link, the Motion Events are now displayed.

Frame A3-4 Summary

Prior to Version 3.1, the user's only option was to click on the various links to navigate through several screens to get to the screen they wanted to use.

Frame A3-5 Version 3.1 Navigation

With the release of Version 3.1, context sensitive cascading menus have been provided to allow the user to quickly navigate to a specific screen without having to go through several screens. Depending on where the user is trying to navigate to, the use of these cascading menu lists will reduce the number of screens a user must navigate through.

Let's compare!!

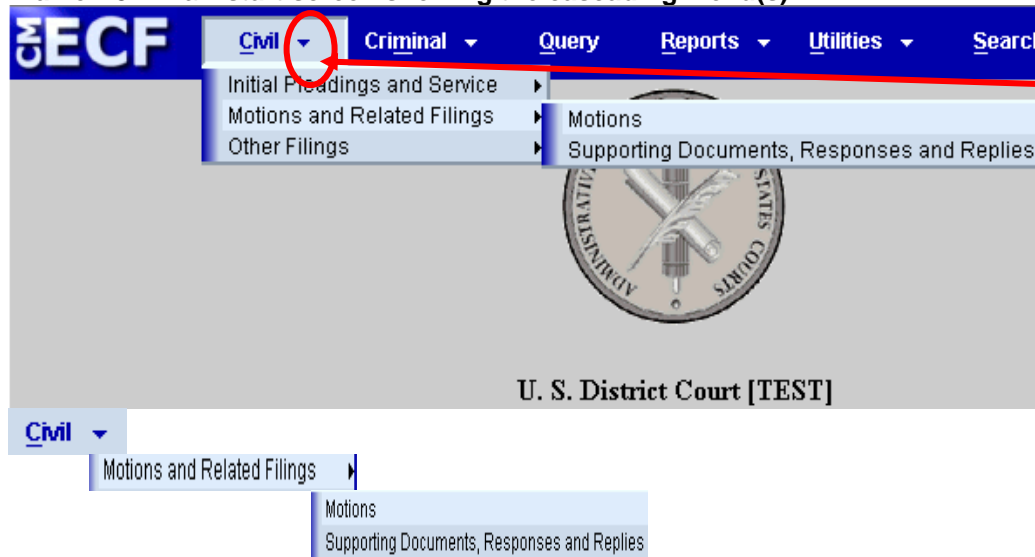

Frame A3-6 Main start screen

Ver. 3.1 – Main Start Screen

Version 3.1 provides a drop down arrow next to the menu category (i.e. Civil) that will display cascading menu(s) to allow the user to select the specific option they wish to navigate to.

Frame A3-7 Main start screen showing the cascading menu(s)

Making the selection

The user should hover the mouse over the drop down arrow next to **Civil**.

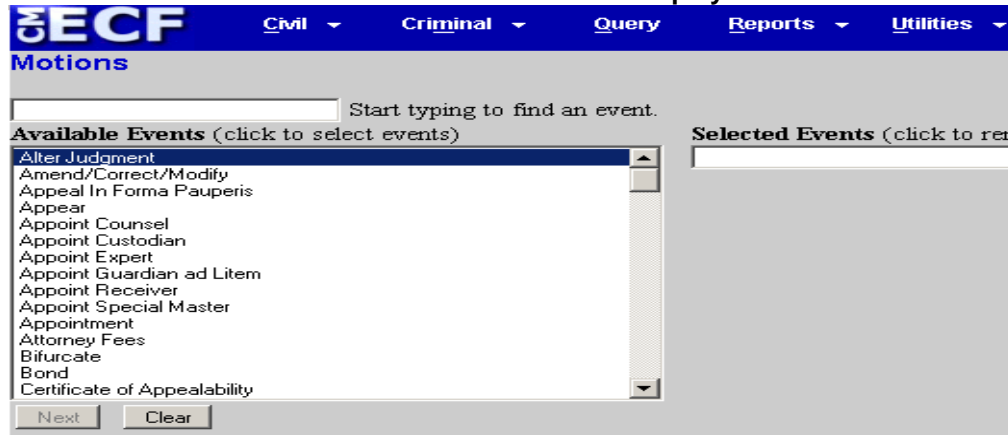

When the mouse is over the arrow, the first menu is displayed.

Next, you can hover the mouse over the **Motions and Related Filings** which will then display the categories under the **Motions and Related Filings** option which are

You can now enter the search for the motion you want or scroll up/down the list of events.
By using the cascading menus in this example, we bypassed one screen. It doesn't appear to be much, but over the process of performing several docketing entries and or other navigation, the number of screens bypasses can be significant.

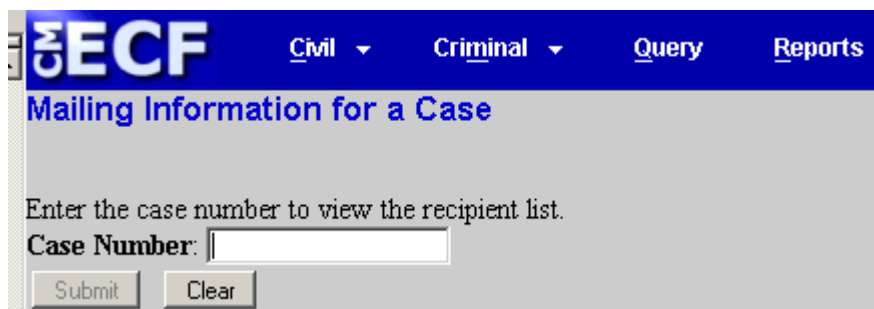

Frame A3-9 Another example

While in the Motions- Events List screen, we wanted to go to **Utilities** to check **Mailing info**. From the Motions- Events List screen, we go to the

Miscellaneous. Again, when you hover the mouse over the **Miscellaneous** option, the following

Court Information
is displayed. Finally, we can hover the mouse over **Mailings**
Mailing Info for a Case
and see **Mailing Labels by Case**. When you select/click on **Mailing Info for a Case**,

the Mailing Info for a Case is displayed and is ready for the case number to be entered.

We bypassed Three screens to navigate to this screen.

A new feature in Version 3.1 is the ability to **search** for a *menu* or an *event*.

Appendix 4 Adding John/Jane Doe Parties

Introduction

There are occasions where the actual party name is not known and a John Doe or Jane Doe party is added to the case. The case situation may also have multiple John Does or multiple Jane Does added. There have been variations as to how John Does and Jane Does have been entered into cases. For example, John Does 1 - 99, Jane Does 1 - 5, John Doe 1, John Doe 6, John Doe, etc.

Going forward, when there are **multiple** John and/or Jane Does, each John and/or Jane Doe **shall be individually added**. As an example, if you have John Does 1 - 5 designated as parties to the case, you will need to add **five** John Doe parties. You will **not** add just one record designated as John Does 1 - 5. Each John Doe will be unique so there will be a John Doe 1, John Doe 2, John Doe 3, John Doe 4, and John Doe 5 record. The same process would apply to any Jane Doe parties.

Let's walk through the process of adding multiple John Does to a case during case opening.

When opening a new case, plaintiffs are usually added first, followed by defendants. ECF requires you to "search" the ECF database to see if the party already exists.

For brevity purposes, the plaintiff has been added and this appendix will focus on the John/Jane Doe search and addition process. Please refer to the **Party Search Screen** section of this main document for more detailed party information.

For this example, we want to add three John Does as defendants in this case. We begin the process by doing a search.

You will **always** enter a "Last Name," in this example, "Doe." If you put in a first name, you "tighten" the search.

The screenshot shows a search form titled "Search for a party". It has three input fields: "Last / Business Name" containing "Doe", "First Name" containing "John", and "Middle Name" which is empty. A "Search" button is located below the fields. Red circles are drawn around the "Doe" and "John" text in their respective input boxes.

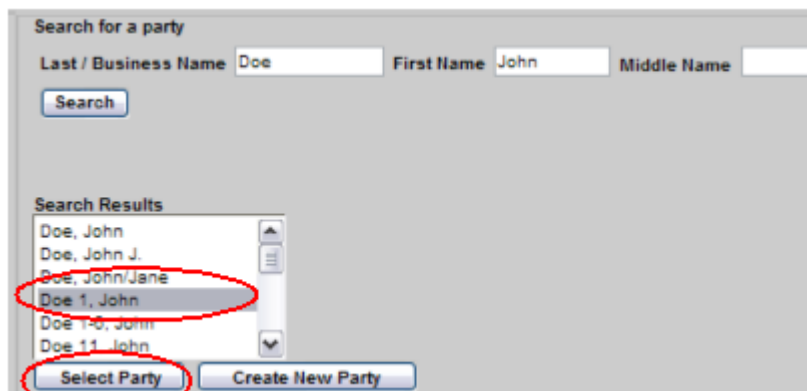

Using the Last Name and First Name “tightens” the search and returns a list of records found with the Last Name matching “Doe” and First Name matching “John.”

NOTE 1: Even though you might see a party such as **Does 1-5, John**. DO NOT SELECT THAT PERSON as each John Doe shall be set up individually. In our example of setting up three John Does, Doe 1, John should be selected as the first John Doe. Repeat the search for John Does 2 and 3 and add each of them.

NOTE 2: You **CANNOT** select multiple entries for the party selection. For example, even though you see John Doe 2 in the list, you **CANNOT** select both **John Doe 1** and **John Doe 2**.

Continuing our example, we’ll “Click” on “John Doe 1” in the Search Results window as it’s already on our database. Then we’ll “Click” on the “Select Party” button.

After clicking on the “Select Party” button, the right pane displays the information for **John Doe 1**. Make sure the “role” type is correctly designated (i.e., plaintiff, defendant, Interested Party, Petitioner etc.)

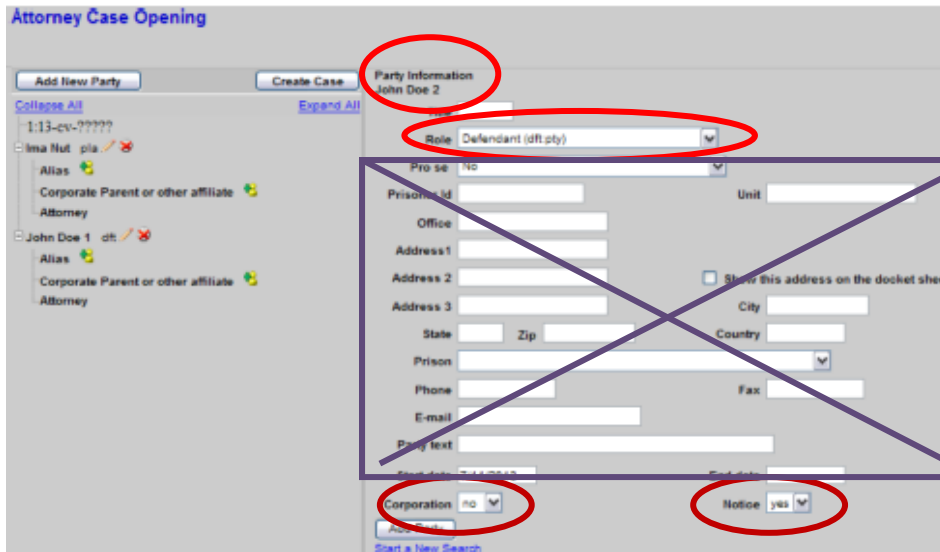

Address, e-mail, phone, information **SHOULD NOT BE ENTERED** if they are represented by counsel. The **“Corporation”** field should be left at “No” and the **“Notice”** field should be left as “yes.”

After your review, **“Click”** the “Add Party” Button. As you can see, **“John Doe 1”** now appears on the left pane as a defendant (dft) and the right pane is ready for the next name search

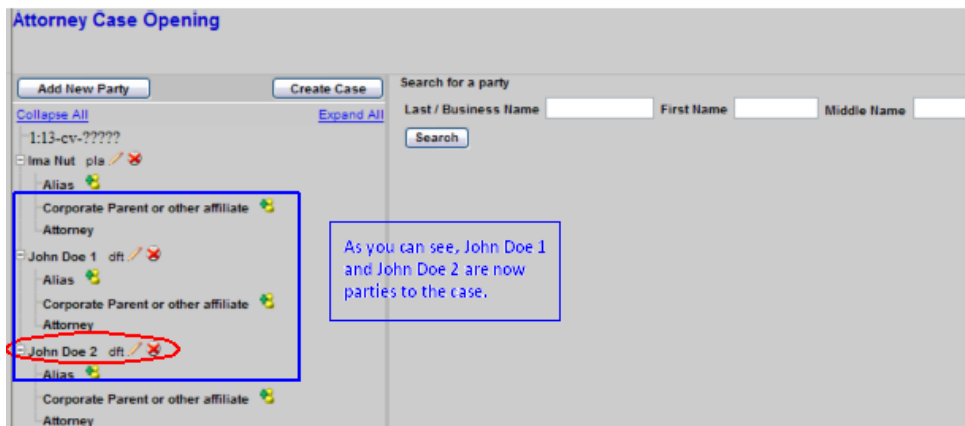

Now we can search for “John Doe 2.” When we enter “Doe 2” and **“Click”** on the “Search” button, the system will return any existing records with the Last Name of “Doe 2.” The “Search Results” box shows only two records found. Since “John Doe 2” is the party we want, we can **“Click”** on that entry in the “Search Results” box. After selecting the party, **“Click”** on the “Select Party” button.

Again, after clicking the “Select Party” button, the right pane displays the information for **John Doe 2**. Make sure the “role” type is correctly designated (i.e., plaintiff, defendant, Interested Party, Petitioner, etc.)

Address, e-mail, phone, information **SHOULD NOT BE ENTERED** if they are represented by counsel. The “Corporation” field should be left at “No” and the “Notice” field should be left as “yes.”

After your review, “Click” the “Add Party” Button. As you can see, “John Doe 2” now appears on the left pane as a defendant (dft) and the right pane is ready for the next name search.

When we enter “Doe 3” in the “Last name” field and “Click” on “Search”, any matching results are displayed in the “Search Results” box. From the figure below, the only matching record(s) shows a “Doe 3, Jane.” In this case, we’ll have to create a new party. “Click” on the “Create New Party” button.

On the right pane, only the Last Name is shown as that was what we entered for the search. We need to add the First Name. Address, e-mail, phone, information **SHOULD NOT BE ENTERED** if they are represented by counsel. The "Corporation" field should be left at "No" and the "Notice" field should be left as "yes." "Click" on the "Add Party" button.

As you can see, "John Doe 3" now appears on the left pane as a defendant (dft) and the right pane is ready for the next name search.

Different John Doe Designations

Even though adding John Doe 1, John Doe 2, and John Doe 3 uniquely identifies each John Doe in a case, there may be other identifying information to identify a John Doe. There may be situations a "John Doe" should or need to be identified differently as there may be other unique information that can be provided to further define the "John Doe." For example, the "John Doe" named in the case is linked to a specific IP (Internet Protocol) address. By adding the IP address to the "John Doe" provides more information as to the party in question and uniquely separates this "John Doe" from other "John Does" that may be in the case.

As usual, you need to start by doing a party search. I enter in the "Last Name" field what I plan to enter for the John Doe designation: "**John Doe Subscriber assigned IP Address 999.88.77.66**"

NOTE: The entire search entry is typed in the “Last Name” field, as if it was a business name. The “First Name” and “Middle Name” fields are not used.

The search returned no results. Since I’m being very specific by using an IP address as part of the search, it’s highly likely that no match will be found. I can add this party by “Clicking” on the “Create New Party:” button.

Search returned no results. Please try again or create a new party.

On the right pane, only the “Last Name” is shown as that was what we entered for the search. The entire “Last Name” field is not shown. I’ve shifted the information to the right so you can see the IP address. We do not need to add a “First Name” or a “Middle Name.” Address, e-mail, phone, information **SHOULD NOT BE ENTERED** if they are represented by counsel. The “Corporation” field should be left at “No” and the “Notice” field should be left as “yes.” After your review, “Click” the “Add Party” Button. As you can see, “John Doe Subscriber assigned IP Address 999.88.77.66” now appears on the Left Pane as a defendant (dft) and the right pane is ready for the next name search.

John Doe Designation Summary

The purpose of uniquely identifying John Doe parties provides for better tracking of “John Does” through the case. Tracking in terms of activity by a particular “John Doe” as well as when a particular “John Doe” being terminated from a case. When there are multiple “John Does” in a case and various “John Does” are dismissed for one reason or another, having the unique “John Does” identified provides better clarity in the case.
